

GYMNASTICS

PACKET # 12

INSTRUCTIONS

This Learning Packet has two parts: (1) text to read and (2) questions to answer.

The text describes a particular sport or physical activity, and relates its history, rules, playing techniques, scoring, notes and news.

The Response Forms (questions and puzzles) check your understanding and appreciation of the sport or physical activity.

INTRODUCTION

Some people consider gymnastics to be the purest of all sports or athletic activities. The human body can perform movements that are exquisite to behold. For this reason, gymnastics is visually exciting. Yet many casual viewers and enthusiasts alike do not realize how much dedication, skill and training are required on the part of gymnastic performers.

Gymnastics has grown in popularity in the United States, perhaps due to the good press given to this sport in recent Olympic competitions. Currently, there are about 40,000 competing gymnasts in the United States.

HISTORY OF GYMNASTICS

Gymnastics has been popular since ancient Greece. However, "modern" gymnastics began only in the 1820s, when Ludwig Jahn founded gymnasiums, called "Turnverein," throughout Germany. Jahn also invented equipment, including parallel bars, the horizontal bar, rings and the horse. This equipment is still in use today.

The first gym club was built in America in 1850. The first college to train teachers in

Physical Education Pe Packet 12:

Reconceptualizing Physical Education through Curricular and Pedagogical Innovations Joy Butler, 2015-07-05 For more than a century formal education has been struggling to redefine itself in response to shifting societal needs new research into human learning and emergent understandings of how the world works Clearly it s difficult to offer advice that is appropriately responsive across this range of influence The collected chapters in this book manage to do that by discarding the popular habit of thinking about Physical Education in terms of opportunities to let off steam or otherwise satisfy the needs of an easily distracted body Rather the gendered acculturated complex body serves as the site of possibility thus framing hopeful rich and timely conceptions of learners learning and teaching

Reconceptualizing Physical Education through Teaching Games for Understanding Joy Butler, 2012-08-05 By using Teaching Games for Understanding TGfU as a catalyst for thinking about ontological and epistemological issues in Physical Education the teachers researchers and authors of this book have become ambassadors for new ideas that challenge some of our entrenched educational values We are proud to be able to share some of their pioneering research which we believe will be of great interest to others in the field who are interested in constructivist student centred and holistic approaches to teaching and learning in games education

The ^AGuide to Community Preventive Services Task Force on Community Preventive Services, 2005-02-17 This well organized clearly written text will become the gold standard for evidence based public health It will serve as a primary resource for helping to improve health and prevent disease whether in states communities local organizations healthcare organizations worksites or schools In an entirely systematic way it examines the effectiveness economic efficiency and feasibility of interventions to combat such risky behaviors as tobacco use physical inactivity and violence to reduce the impact of specific conditions such as cancer diabetes vaccine preventable diseases and motor vehicle injuries and to address social determinants of health such as education housing and access to care

Health Promotion in Schools, Universities, Workplaces, and Communities Graça S. Carvalho, Emily Darlington, Teresa Vilaça, 2024-12-17 Health education well being improvement and advocacy are effective health promotion strategies among cutting edge Public Health practices Salutogenic perspectives rooted in ecological models have taken their rightful place to empower individuals and communities to change their life ecosystems and preserve and improve their health It is imperative to shift from targeting protective or risk factors which have linear causal relationships with health conditions and or comorbidities and encompass a systemic understanding of the role of health determinants in creating health Individual collective and structural ecological approaches can better reduce health inequities Moreover engaging the presumed beneficiaries from such strategies ensures that actual needs are identified and choices are context specific It improves the whole implementation process as well as its results Higher levels of participation such as co creation imply a bottom up voluntary collaborative process rooted in values of diversity mutual trust openness autonomy freedom and respect

as well as shared expertise responsibility and decision making which are essential values in co creating health promotion
