Police Department, Gould Publications (Firm), 1999-01-01 The up to date comprehensive computer reference of law enforcement procedures interim orders of the New York City Police Department NYPD Vic Ferrari, 2021-05-31 Whoever said There are eight million stories in the naked city was never a New York City police officer For America's largest city eight million stories is a drop in the bucket To maintain law and order in a city that never sleeps you'll need a highly trained police department Creative criminals backstabbing bosses and a turnstile criminal justice system are just a few of the many obstacles NYPD members face on a daily basis Fat bastards faux titles and a mysterious case of diarrhea no two days were ever the same throughout my NYPD career Did you know that hanging your gun belt on the back of a bathroom stall could result in a deadly

game of tug of war Would you believe a kiss ass cop sent to get a chief s lunch was thrown out of a deli after trying to cut through a line of hungry customers What about the cranky robbery suspect who was pummeled in a police lineup by his fellow fillers Or the overzealous flatfoot who was punched in the nose by a startled dog owner after leaping out of the woods to issue her a summons for failing to pick up after her dog Retired NYPD Detective Vic Ferrari provides a hilarious behind the scenes look at the New York City Police Department complete with colorful characters and almost unbelievable stories If you enjoy true crime Live PD or are curious about how the NYPD works you ve come to the right place **The NYPD** Charles River Editors,2019-10-24 Includes pictures Includes a bibliography for further reading Of all the great cities in the world few personify their country like New York City As America s largest city and best known immigration gateway into the country NYC represents the beauty diversity and sheer strength of the United States a global financial center that has enticed people chasing the American Dream for centuries America s prototypical metropolis was once a serene landscape in which Native American tribes farmed and fished but when European settlers arrived its location on the Eastern seaboard sparked a rapid transformation Given its history of rapid change it is ironic that the city s inhabitants often complain about the city s changing and yearn for things to stay the same The website EV Grieve whose name plays on the idea that the East Village grieves for the history and character the neighborhood loses every day to market forces and gentrification regularly features a photo of some site usually of little interest an abandoned store a small bodega a vacant lot The caption says simply that this is what the site looked like on a given day The editors of the website are determined to document everything and anything for future generations While America s biggest city constantly changes the largest police force in the United States the New York Police Department is no stranger to the limelight Quite the contrary the NYPD has become immutably entrenched in American culture past and present The acronym itself while a mouthful is effortlessly musical and therefore commands a certain presence It is also the most internationally renowned police department recognizable even to non Americans and non native English speakers thanks to the virtually incalculable depictions of the department in various forms of literature movies and television shows Chances are people across the world have stumbled on media depictions of the NYPD such as Sidney Lumet s *Serpico* the *Die Hard* franchise *NYPD Blue* and even lighthearted comedies like *Brooklyn Nine Nine* Of course the limelight is much like a double edged sword and there is a noticeable rift in New Yorkers perception of their homegrown police force To some NYPD officers excluding a few bad eggs have throughout history endeavored above and beyond time and again to fulfill their duty to protect and serve Their valiance is best exemplified by the unparalleled heroism they exhibited during the devastating terrorist attacks on 9 11 during which 23 NYPD officers died after rushing to the horrific scene to aid people Dozens more have since succumbed to the incurable mostly lung related illnesses they contracted during the rescue operations at Ground Zero These unflinching first responders helped save up to 25 000 others around the area that day On the opposite end of this rift are those who are anything but fond of the NYPD Many critics consider the NYPD s

reputation permanently marred by the scores of scandals that the department has been mired in since its very inception including evidence tampering various forms of corruption and especially police brutality and violence stemming from institutional racism Not only has the NYPD been accused of disproportionately targeting and harassing African Americans Muslims and other minorities one of its officers was involved in one of the many tragedies that propelled the rise of the Black Lives Matter movement As this suggests the NYPD s history is anything but straightforward The NYPD The History and Legacy of the New York City Police Department examines how the department took shape and grew and some of the most important people and events in its history Along with pictures depicting important people places and events you will learn about the NYPD like never before

How to Become a Police Officer Gregory Smith,2015-07-07 Being a police officer is an incredibly important service to society Every day police men and women put their own lives at risk in order to keep the citizens of this nation safe Law enforcement is one of the three major components of the criminal justice system in the United States the other two being the courts and the correction facilities As the common name of the profession suggests the job is to ensure effective enforcement of the law and to strive to maintain balance and security in the country Depending on the post to which a police officer is assigned his or her job would range from protecting local citizens from public disturbances to investigating and finding solutions to national security threats The government makes it a point to employ only those who are best suited for the job and are able to maintain the integrity of the profession This is why the process of becoming a police officer is subject to a stringent application and selection process Every requirement asked of you when you apply to become a police officer is intended to prove that you are competent and that you possess the right credentials and attitude towards law enforcement Don t be daunted by the thought of the application process though This book is designed to prepare you for the process of becoming a police officer and starting your career in law enforcement

Bryan,2018-08-04 Against the backdrop of the 1995 merger of the NYC Transit and Housing Police Departments into the New York City Police Department this is the story of a transit police lieutenant who abruptly finds himself performing a job no cop wants to do namely investigating other cops Complicating the situation is the fact that the lieutenant has no prior investigative experience but is thrust into command of a squad of seasoned NYPD investigators The Lieutenant must deftly walk a tightrope of managing his squad while learning how to perform the wide range of investigations conducted by the Internal Affairs Bureau Gould's New York City Police Department Patrol Guide Manual, 2006 Edition (Softcover) Gould Publications,2005-01-01 *N. Y. P. D. True* Anonymous,2005-06-27 N Y P D True The Decay of the Big Apple s Police Department is not a book praising the New York City Police Department and how adventurous it is to be a NYPD cop In fact information written in this book are things that many newspapers ranking members of the Department and regular police officers would not talk about in a public forum for fear of the repercussions that would face them However it is a book about the truth and the inner workings of the job It is a book about the chaos and disorder that REAL COPS who work for this bureaucracy have to face everyday It is a tribute to those who have been wronged and their families who stuck by them when the Department wouldn t This book is authentic It shows the realities of

the NYPD by one of its own in a unique fashion. It's not about specific cases but rather the NYPD and its injustices as a whole. It is truthful and raw and will offer the reader an accurate glimpse into the everyday operations within the NYPD. For young people who are thinking about making a career with the NYPD, this is a must read. You will extract information from these pages that you will not hear on the radio, television, or NYPD recruitment promos. It is the NYPD's dark and dirty secrets they withhold from the general public by Nazi-like tactics and Byzantine outdated rules of the NYPD's Patrol Guide. To the skeptics who don't believe the truthfulness and veracity of such information as presented in this book, I tell them: this next time you see a REAL New York City police officer, ask them if what I say is true. If you are speaking to a REAL cop, their reply will undeniably be 100% true.
