Ragel,2022-06-22 This book contains best selected research papers presented at ICTCS 2021 Sixth International Conference on Information and Communication Technology for Competitive Strategies The conference will be held at Jaipur Rajasthan India during December 17 18 2021 The book covers state of the art as well as emerging topics pertaining to ICT and effective strategies for its implementation for engineering and managerial applications This book contains papers mainly focused on ICT for computation algorithms and data analytics and IT security The book is presented in two volumes **Membering the Rhodesian Linguistic Agenda in Zimbabwe** Isaac Mhute,2023-07-28 Membering the Rhodesian Linguistic Agenda in Zimbabwe reports on a study carried out in Zimbabwe to ascertain the degree and effect of honouring the colonial linguistic agenda The book employs an interpretivist philosophy and qualitative research approach that relies on participatory observations interviewing purposively sampled informants and focus group discussions involving snowball sampled graduates It was inspired by the Critical Language Policy Theory that considers language choice a critical determinant factor in how communities are administered politically economically socioculturally and educationally It establishes that whereas linguistic imperialism meant to serve as the lifeblood of the Southern Rhodesian colonial machine

the former coloniser ensured coloniality in Zimbabwe by presenting the English language as a sacred media in political economic sociocultural and educational settings forever The study establishes that the only way Zimbabwe and other such post colonies could find redemption is by eradicating the sacredness of former colonisers languages by adding value to all their languages and the indigenous knowledge systems associated with them It also demonstrates that the bigger the delay the more is irretrievably lost together with custodians of the languages This book will be informative for undergraduates postgraduates and researchers in linguistics communication sociology anthropology and history It may also serve well as a resource to government researchers politicians and other policymakers

Administrative Law in Action Robert Thomas, 2022-02-10 This book investigates and analyses how administrative law works in practice through a detailed case study and evaluation of one of the UK's largest and most important administrative agencies the immigration department In doing so the book broadens the conversation of administrative law beyond the courts to include how administrative agencies themselves make apply and enforce the law Blending theoretical and empirical administrative legal analysis the book demonstrates why we need to pay closer attention to what government agencies actually do how they do it how they are organised and held to account Taking a contextual approach the book provides a detailed analysis of how the immigration department performs its core functions of making policy and law taking mass casework decisions and enforcing immigration law The book considers major recent episodes of immigration administration including the development of the hostile environment policy and the treatment of the Windrush generation By examining a diverse range of material the book presents a model of administrative law based upon the organisational competence and capacity of administration and its institutional design Alongside diagnosing the immigration department's failings the book advances positive proposals for its reform
