Objectives Of The Consumer Protection Act Of April 2009:

The Goals of Competition Law Daniel Zimmer,2012 What are the normative foundations of competition law That is the question at the heart of this book Leading scholars consider whether this branch of law serves just one or more than one goal and if it serves to protect unfettered competition as such how this goal relates to other objectives such as the promotion of economic welfare The book brings together contributions on the relevance of different welfare standards on the concept of freedom to compete and on distributional fairness as a goal of competition law Moreover it discusses the relationship to other legal goals such as mar

Dodd-frank Wall Street Reform And Consumer Protection Act: Purpose, Critique, Implementation Status And Policy Issues Douglas D Evanoff,William F Moeller,2014-06-13 In this volume what are thought to be some of the more important aspects of the Dodd Frank Act are discussed from a number of perspectives including that of industry scholars who have been actively involved in evaluating financial regulation regulators who are responsible for implementing the reform financial policy experts representing think tanks and banking trade associations congressmen and congressional staff involved with developing the legislation and legal scholars The volume summarizes the act evaluates how the new regulations are being implemented and how the implementation process is progressing and discusses modifications that in the views of the authors might be needed to more effectively achieve the stated goals of the legislation

Civil Society and Financial Regulation Lisa Kastner,2017-10-12 Coalitions of consumer groups NGOs and trade unions have traditionally been considered politically weak compared to well organized and resourceful financial sector groups which dominate or capture financial regulatory decisions However following the 2008 financial crisis civil society groups have been seen to exert much more influence with politicians successfully implementing financial reform in spite of industry opposition Drawing on literature from social movement research and regulatory politics this book shows how diffuse interests were represented in financial regulatory overhauls in both the United States US and the European Union EU Four cases of reform in the post crisis regulatory context are analyzed the creation of a new Consumer Financial Protection Bureau in the US the introduction of new consumer protection regulations through EU directives the failure of attempts to introduce a financial transaction tax in the US and the agreement of 11 EU member states to introduce such a tax It shows how building coalitions with important elite allies outside and inside government helped traditionally weak interest groups transcend a lack of material resources to influence and shape regulatory policy By engaging with a less well known side of the debate it explains how business power was curbed and diverse interests translated into financial regulatory policy
