

Occupational Therapy Documentation Cheat Sheet

Process of occupational therapy service delivery

The occupational therapy process is facilitated by the distinct perspective of occupational therapy practitioners engaging in professional reasoning, analyzing occupations and activities, and collaborating with clients. Service delivery does not occur in a linear fashion. It is a dynamic and fluid process that allows occupational therapy practitioners to focus on identified outcomes while continually reflecting on and accommodating new developments and insights throughout the service delivery process.

Evaluation

- **Occupational profile:** The occupational therapist summarizes information related to the client's occupational history, experiences, daily living patterns, interests, values, needs, contexts, and reasons for seeking services.
- **Analysis of occupational performance:** After obtaining a thorough occupational profile, the occupational therapist identifies the client's assets, limitations, and potential problems through observation and assessment of the client's performance.
- **Synthesis of the evaluation process:** The occupational therapist interprets the information gathered from the occupational profile and the analysis of occupational performance to determine priorities for intervention and outcomes, working collaboratively with the client to create goals.

Intervention

- **Intervention plan:** The occupational therapy practitioner integrates information from the evaluation with theory, practice models, frames of reference, and research evidence to develop an action plan for addressing targeted goals and outcomes in collaboration with the client.
- **Intervention implementation:** The occupational therapy practitioner implements the action plan and continually monitors the client's response to interventions, which may include the therapeutic use of occupations and activities, interventions to support occupations, education, training, advocacy, self-advocacy, group intervention, or virtual intervention.
- **Intervention review:** The occupational therapy practitioner reviews the effectiveness of the intervention plan and the client's progress toward targeted goals and outcomes.

Outcomes

- **Selecting outcome measures:** The occupational therapist selects valid, reliable methods to measure any of the following targeted outcomes: occupational performance, prevention, health and wellness, quality of life, participation, role competence, well-being, or occupational justice.
- **Measuring progress and adjusting goals and interventions:** Throughout the occupational therapy process, the practitioner uses the selected outcome measures to monitor progress, update goals, modify interventions, and plan for transition and/or discontinuation of occupational therapy services.

Occupational Therapy Documentation Templates

**Moses N. Ikiugu, Steven D. Taff, Sarah
Kantartzis, Nick Pollard**

Occupational Therapy Documentation Templates:

Templates for Documentation in Occupational Therapy Lyndsey Jarvis, 2023 *Templates for Documentation in Occupational Therapy* is a guidebook for occupational therapists looking to optimize treatment time by streamlining the charting process. This book provides a collection of customizable templates for different types of documentation commonly used in hospitals, skilled nursing facilities, home health, and out-patient settings. It contains a wide range of templates that can be utilized for evaluations, general treatment encounter notes, frequently used therapeutic activities, discharge summaries, and more. Each template is designed to be user-friendly and adaptable to individual patients and various practice settings. Producing high-quality documentation hinges on the ability to identify and articulate the interplay between underlying impairment, functional limitations, and specific OT intervention. However, the documentation process can often feel insurmountable due to the impractical amount of time and effort required to capture this essential information. Fortunately, *Templates for Documentation in Occupational Therapy* offers valuable tools for optimizing the documentation process, helping clinicians streamline their workflows and focus on providing high-quality care to their patients rather than spending hours on paperwork. It is an essential resource for students, new graduates, and experienced occupational therapists alike who want to enhance the quality and efficiency of their documentation.

The OTA's Guide to Documentation Marie Morreale, 2024-06-01 The bestselling newly updated occupational therapy assistant (OTA) textbook *The OTA's Guide to Documentation: Writing SOAP Notes, Fifth Edition* explains the critical skill of documentation while offering multiple opportunities for OTA students to practice documentation through learning activities, worksheets, and bonus videos. The Fifth Edition contains step-by-step instruction on occupational therapy documentation and the legal, ethical, and professional documentation standards required for clinical practice and reimbursement of services. Students and professors alike can expect the same easy-to-read format from previous editions to aid OTAs in learning the purpose and standards of documentation throughout all stages of the occupational therapy process and different areas of clinical practice. Essentials of documentation, reimbursement, and best practice are reflected in the many examples presented throughout the text. Worksheets and learning activities provide the reader with multiple opportunities to practice observation skills and clinical reasoning, learn documentation methods, create occupation-based goals, and develop a repertoire of professional language. Templates are provided to assist beginning OTA students in formatting occupation-based SOAP notes, and the task of documentation is broken down into smaller units to make learning easier. Other formats and methods of recording client care are also explained, such as the use of electronic health records and narrative notes. This text also presents an overview of the initial evaluation process, delineating the roles of the OT and OTA, and guidelines for implementing appropriate interventions. New in the Fifth Edition: Incorporation of the Occupational Therapy Practice Framework, Domain and Process, Fourth Edition, and other updated American Occupational Therapy Association documents. Updated information to meet Medicare Part B and

other third party payer requirements Revised clinical terminology on par with current trends Added examples from emerging practice areas Expanded tables along with new worksheets and learning activities Included with the text are online supplemental materials for faculty use in the classroom this includes access to supplemental website worksheets learning activities and scenario based videos to practice the documentation process
