Mexicano and Latino Politics and the Quest for Self-Determination Armando Navarro, 2015-01-08 This book examines the current status of Mexicano and Latino politics in the United States Political scientist and community activist Armando Navarro maintains that both represent a dysfunctional and failed mode of politics attributable to their system maintenance and mainstream ideological orientation and approach As colonial agents they protect both a United States that is decaying and declining and the degenerative liberal capitalist system Navarro argues that the United States is not a representative democracy but in fact is a White Corpocratic Dictatorship controlled by Capital which is evolving into a Fascist State The book provides an in depth analysis and contention that Mexicanos and Latinos in Aztlan Southwest are an occupied and internal colonized people It argues they are the Palestinians and Kurds of the United States His supposition is sustained by the book's profiles of Mexicano political history demography socioeconomics electoral politics immigration and the Triad Crisis e.g. Second Great Depression Global Economic Crisis and Global Capitalist Crisis Each chapter provides the justification and case for Navarro's two unique alternative change models applicable to today's bankrupt and failed Mexicano and Latino Politics in the twenty first century The preferred model is Aztlan's Politics of a Nation Within a Nation APNWN which is based on the models of the Mormon Nation of Utah and that of French Quebec Navarro therefore calls for the reformation of the United States liberal capitalist system by way of social democracy for the empowerment of Mexicanos and Latinos His second model is Aztlan's Politics of Separatism APS which offers two strategic options 1 Aztlan Southwest becoming a separate and sovereign nation state or 2 its reannexation and re integration with Mexico Navarro outlines a plan of action for building a New Movement designed to attain APNWN or APS In addition several ominous forecasts are made such as the United States being in a state of decline and no longer a hegemonic superpower due to the rise of a multi polar world Moreover Navarro attributes the United States decline to the inherent contradictions of global capitalism His sobering message is that if the current economic conditions are left unchanged this will produce an End of Times scenario the unleashing of the Four Horsemen of the Apocalypse

Making Aztlán Juan Gómez-Quíñones,Irene Vásquez,2014-04-30 This book provides a long needed overview of the Chicana and Chicano

movement's social history as it grew, flourished, and then slowly fragmented. The authors examine the movement's origins in the 1960s and 1970s, showing how it evolved from a variety of organizations and activities united in their quest for basic equities for Mexican Americans in U.S. society. Within this matrix of agendas, objectives, strategies, approaches, ideologies, and identities, numerous electrifying moments stitched together the struggle for civil and human rights. Gomez Quiñones and Viquez show how these convergences underscored tensions among diverse individuals and organizations at every level. Their narrative offers an assessment of U.S. society and the Mexican American community at a critical time, offering a unique understanding of its civic progress toward a more equitable social order.

What If All the Kids Are White? Louise Derman-Sparks, Patricia G. Ramsey, 2015-04-18

In this updated edition, two distinguished early childhood educators tackle the crucial topic of what White children need and gain from anti-bias and multicultural education. The authors propose seven learning themes to help young White children resist messages of racism and build identity and skills for thriving in a country and world filled with diverse ways of being. This compelling text includes teaching strategies for early childhood settings, activities for families and staff, reflection questions, a record of 20th and 21st century White anti-racism activists and organizational and website resources. Bringing this bestselling guide completely up to date, the authors address the current state of racism and anti-racism in the United States, including the election of the first African American president and the rise of hate groups. Review child development research with a particular emphasis on recent observational studies that show how White children enact racial power codes. Discuss implementation of the core learning themes in racially diverse early childhood education settings, state standards for preschools and pre-K classrooms, and NCLB pressures on early childhood teaching. Update all resources and appendices, including reading lists and websites for finding resources and organizations engaged in anti-racism work.

Louise Derman-Sparks is a past faculty member at Pacific Oaks College in Pasadena, California, and the co-author of *Teaching Learning Anti-Racism*. Louise presents conference keynotes, conducts workshops, and consults throughout the United States and internationally. Patricia G. Ramsey is Professor of Psychology and Education at Mount Holyoke College in South Hadley, Massachusetts, and author of *Teaching and Learning in a Diverse World*. Praise for the First Edition: Derman-Sparks and Ramsey offer an alternative vision for white identity that breaks the mold. The current status of our anti-bias work demands we read this book and use it well. From the Foreword by Carol Brunson Day. A dynamic blend of child development theory, social history, and the best pedagogical practice from two distinguished social justice educators, every teacher of young children should read it. Beverly Daniel Tatum, President, Spelman College. An accessible, practical, and essential tool for every teacher of young white children. I especially appreciated the concrete suggestions and abundance of resources from two of early childhood education's most experienced teachers. Paul Kivel, educator and author of *Uprooting Racism* and *I Can Make My World a Safer Place*. By starting with a strong sense of identity that is not race-based, children can move forward to cultivate an anti-racist culture. This book offers caregivers excellent frameworks and tools to make this
