Royal Australian Air Force Air Training Corps: Australian Air Force Cadets, 1941-2016 Matthew Glozier, 2015-12-30. This book celebrates 75 years of Air Force cadet activity in Australia, 1941-2016. The organisation has had a tremendous impact upon the lives of tens of thousands of Australians over our 75-year history. Since 1982 it has enhanced the lives of young women as well as men. The book begins in WWII with the need to pre-train capable and committed keen lads. Over 30 000 Australian boys were air cadets, 1941-1945, with almost 13 000 going on to active service in the war. Air Force cadets survived into peacetime to become an aviation focussed youth development organisation providing flying training in a military atmosphere with the aim of inspiring cadets to join the RAAF. There are currently over 8 000 Air Force cadets and adult staff around Australia. Aviation-centred youth development in a RAAF service environment remains our central focus.
