The Dawn of Christianity Robert J. Hutchinson, 2017-03-14 Drawing upon the most recent discoveries and scholarship in archaeology and the first century Near East The Dawn of Christianity reveals how a beleaguered group of followers of a crucified rabbi became the founders of a world changing faith How did Christianity truly come to be Where did this worldwide faith come from The Dawn of Christianity tells the story of how the first followers of Jesus survived the terror and despair of witnessing the one they knew to be the messiah God's agent for the salvation of the world suddenly arrested tried and executed Soon after Jesus death his relatives and closest followers began hearing reports that Jesus was alive again reports that even his most loyal disciples at first refused to believe Using the most recent studies by top Christian and secular scholars Robert Hutchinson known for his popular books on Christianity and Biblical Studies reconstructs all of the known accounts of these early resurrection appearances and follows the witnesses to the resurrection as they experience brutal persecution at the hands of zealots such as Saul of Tarsus and then become committed evangelists to the major population centers in Antioch Damascus Rome and Athens and ultimately across the world A riveting thriller of the most improbable history changing movement imaginable The Dawn of Christianity brings to life the compelling story of the birth of Christianity

When in Rome Robert J. Hutchinson, 1998-06-15 Lighthearted and altogether fascinating When in Rome is a delightful backstairs tour of one of the world's most mysterious and eccentric cities With his wife and three young sons Robert Hutchinson moved to Rome shortly before his thirty ninth birthday intending to explore the Vatican in depth He sought to capture the personality of the place the smells and the traffic the rich delicacies of Roman food the perils of the Italian language the way Italian monsignori push their way to the front of the line just like their lay countrymen When in Rome is the extraordinary journal of his Roman sojourn With playful good humor Hutchinson introduces the varied and colorful individuals who live and work in the Vatican In the process he explores the mysterious orders of medieval knights some dating back to the First Crusade which still play a vital role in the Vatican explains how bumbling Vatican archaeologists found and then lost the bones of St Peter probes the sex lives of the popes from the pornocracy of Sergius III to the incestuous orgies of Rodrigo Borgia experiences high fashion in the Holy See including a visit to the pope's personal tailor encounters the weird relics of Catholicism such as the mummified body of St Pius X and a museum made entirely out of human bones recounts the true story behind the True Cross now kept in a run down church near the Colosseum and much much more Humorous irreverent but ultimately respectful When in Rome does for the Vatican what A Year in Provence did for the French countryside in an unforgettable and unprecedented eyewitness account of one of the most fascinating places on Earth

Searching for Jesus Robert Hutchinson, 2015 For more than a century Bible scholars and university researchers have been systematically debunking what ordinary Christians believed about Jesus of Nazareth But what if the most recent Biblical scholarship actually affirmed the New Testament What if Jesus was not a Zealot revolutionary or a Greek

Cynic philosopher or a proto feminist Gnostic but precisely what he claimed to be the divine Son of Man prophesied in the Book of Daniel who gave his life as a ransom for many What if everything the Gospels say about Jesus of Nazareth his words his deeds his plans turned out to be true Searching for Jesus changes what if to what is debunking the debunkers and showing how the latest scholarship supports orthodox Christian belief **Alabama: Her History** W. Patent and Trademark Office,2001 *Index of Patents Issued from the United States Patent and Trademark Office* ,1978 *Hidden Gospels* Philip Jenkins,2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity
