Rogers Digital Cable Channel Guide

**Joan Van Tassel, Mary Murphy, Joseph
Schmitz**

Rogers Digital Cable Channel Guide:

, Plunkett's Entertainment & Media Industry Almanac 2006: The Only Complete Guide to the Technologies and Companies Changing the Way the World Shares En Jack W. Plunkett, 2006 The electronic age is bringing sweeping changes to entertainment and media of all kinds including publishing broadcasting and film Multimedia the Internet and other digital media outlets for entertainment and information are being refined at a rapid rate Media giants are merging and making big acquisitions This book covers these exciting developments and provides profiles on hundreds of leading firms in film radio television cable new media and publishing of all types including books magazines and newspapers It contains thousands of contacts for business and industry leaders industry associations Internet sites and other resources You'll get in depth profiles of nearly 400 of the world's top Entertainment Media firms our own unique list of companies that are the leaders in this field Here you'll find complete profiles of the hot companies that are making news today the largest most successful corporations in all facets of the Entertainment and Media Business from broadcasters to film production companies casino operators to theme park companies publishers of books and magazines to video game designers and much more Our corporate profiles include executive contacts growth plans financial records address phone fax and much more This innovative book offers unique information all indexed and cross indexed more for each firm Our industry analysis section provides an exceptional discussion of business and market trends The book includes statistical tables covering revenues for several industry sectors Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD ROM enabling key word search and export of key data Cable Vision, 2001-02 *Television & Cable Factbook*, 2005 **Cable Cowboy** Mark Robichaux, 2002-10-31 An inside look at a cable titan and his industry John Malone hailed as one of the great unsung heroes of our age by some and reviled by others as a ruthless robber baron is revealed as a bit of both in Cable Cowboy For more than twenty five years Malone has dominated the cable television industry shaping the world of entertainment and communications first with his cable company TCI and later with Liberty Media Written with Malone's unprecedented cooperation the engaging narrative brings this controversial capitalist and businessman to life Cable Cowboy is at once a penetrating portrait of Malone's complex persona and a captivating history of the cable TV industry Told in a lively style with exclusive details the book shows how an unassuming copper strand started as a backwoods antenna service and became the digital nervous system of the U S an evolution that gave U S consumers the fastest route to the Internet Cable Cowboy reveals the forces that propelled this pioneer to such great heights and captures the immovable conviction and quicksilver mind that have defined John Malone throughout his career **TV Guide**, 1993 **Digital Health** Barrie Gunter, 2006-04-21 This book is concerned with the provision of health information remotely via the latest communications technologies The rapidly aging population has led governments to seek more effective methods of maintaining high standards of public health through the cultivation of healthy living as well as improved and more efficiently delivered health advice and

diagnostic services Experiments with remote provision of health information and transactional services have been piloted to assess in this context the efficacy of new communications technologies such as personal computers linked to the Internet interactive digital television in the home and electronically networked touch screen kiosks in public locations Such developments represent part of a wider agenda through electronic government to cultivate more dynamic democracies and involve citizens of a time of growing political alienation The impact of such developments can only properly be established through systematic empirical research This book examines what has been learned from research based evaluations of digital health projects It draws upon research from different parts of the world and offers an up to date review of the literature in this field It also presents a detailed account of recent research carried out in Britain on the effectiveness of government sponsored pilot health information advice and transactional services provided via kiosks the Internet and interactive digital television It considers the effectiveness of these communications technologies in relation to a range of distinct applications their use by the public and perceived usefulness and authority and the potential of remote health delivery to support or supplant more traditional and direct forms of health diagnosis and treatment The book will be of interest to those involved in the academic study of digital media developments e government and remote health as well as to policy makers and practitioners working in these rapidly growing fields of endeavor

How to Read a Film James Monaco, 2009-05-08 James Monaco discusses the elements necessary to understand how a film conveys its meaning and more importantly how the audience can best discern all that a film is attempting to communicate

The New News Joan Van Tassel, Mary Murphy, Joseph

Schmitz,2020-07-30 The New News offers an approachable practical guide to the 21st century newsroom equipping journalists with the skills needed to work expertly accurately and efficiently across multiple media platforms Emphasizing the importance of verification and authentication the book shows how journalists adapt traditional practices of information gathering observation interviewing and newswriting for online publications The text includes comprehensive coverage of key digital and multimedia competencies capturing multimedia content doing data journalism mobile reporting working in teams participating with global audiences and building a personal brand Features developed exclusively for this book include innovative visuals showing the multimedia news structures and workflows used in modern newsrooms interviews with prominent journalists about their experiences in contemporary journalism a glossary of up to date terms relevant to online journalism and practical exercises and activities for classroom use as well as additional downloadable online instructor materials The New News provides excellent resources to help journalism students and early career professionals succeed in today s digital networked news industry The authors are donating all royalties to nonprofit LION s programs to support local online news publications

CED. ,1997 Media for People in Cities Unesco,1984 **Audience Genre Expectations in the Age of Digital Media** Leo W. Jeffres,David J. Atkin,Kimberly A. Neuendorf,2022-12-05 This volume bridges the divide between film and media studies scholarship by exploring audience expectations of film and TV genre in the age of digital streaming using qualitative thematic and quantitative data driven analyses Through four ground breaking surveys of audience members and content creators the authors have empirically determined what audiences expect of various genres the extent to which these definitions match those of scholars and critics and the overall variation and complexity of audience expectations in the age of media abundance They also examine audience habits and preferences drawing from both theory and original empirical analyses with a view toward the implications for the moving image in a rapidly changing media environment The book draws from the data to develop a number of new concepts including genre repertoire genre hybridity audience interest maximization and variety seeking and a new stage of genre development genre bending It is an ideal resource for students and scholars interested in the symbiotic relationship between audiences and the moving image products they consume as well as the way the current digital media environment has impacted our understanding of film and TV genres
