When we speak of classical music it often refers rather loosely to serious art music but at the core is really the music of the classical period running from about 1730 to 1800 give or take This was truly one of the most glorious periods for both composition and performance and it is this classical music which is still at the core of today s repertoire Obvious names connected with this period are Haydn Mozart and Beethoven but there were many more still reasonably well known like Gluck and C P E Bach and dozens more who are regrettably little known today This Historical Dictionary of Music of the Classical Period includes not only these composers but also eminent conductors and performers patrons and publishers There are also dictionary entries on major centers of music making typical instruments important technical terms and emerging musical forms including the symphony and opera Indeed with a 1 000 cross referenced entries there is information

on most matters of interest This is prefaced by an extensive chronology tracing the course of this period from year to year and an introduction taking a careful look at the period as a whole Finally there is a substantial bibliography Surely this is a book which will appeal not only to students and researchers but all music lovers *Billboard* ,1947-05-03 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Billboard ,1943-07-10 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Billboard ,1945-09-01 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Billboard ,1946-08-24 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **The Century Dictionary and Cyclopedia: The Century dictionary** William Dwight Whitney,Benjamin Eli Smith,1897 *The Century Dictionary and Cyclopedia* ,1906 Contemporary Keyboard ,1981 The Inland Printer ,1901 Billboard ,1944-09-23 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard** ,1946-11-23 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *The Billboard* ,1926
