Romance Secret Affair English Edition:

Woman and Socialism (English Edition) August Bebel, 2014-11-12 Example in this ebook We are living in an age of great social transformations that are steadily progressing In all strata of society we perceive an unsettled state of mind and an increasing restlessness denoting a marked tendency toward profound and radical changes Many questions have arisen and are being discussed with growing interest in ever widening circles One of the most important of these questions and one that is constantly coming into greater prominence is the woman question The woman question deals with the position that woman should hold in our social organism and seeks to determine how she can best develop her powers and her abilities in order to become a useful member of human society endowed with equal rights and serving society according to her best capacity From our point of view this question coincides with that other question In what manner should society be organized to abolish oppression exploitation misery and need and to bring about the physical and mental welfare of individuals and of society as a whole To us then the woman question is only one phase of the general social question that at present occupies all intelligent minds its final solution can only be attained by removing social extremes and the evils which are a result of such extremes Nevertheless the woman question demands our special consideration What the position of woman has been in ancient society what her position is to day and what it will be in the coming social order are questions that deeply concern at least one half of humanity Indeed in Europe they concern a majority of organized society because women constitute a majority of the population Moreover the prevailing conceptions concerning the development of woman s social position during successive stages of history are so faulty that enlightenment on this subject has become a necessity Ignorance concerning the position of woman chiefly accounts for the prejudice that the woman s movement has to contend with among all classes of people by no means least among the women themselves Many even venture to assert that there is no woman question at all since woman s position has always been the same and will remain the same in the future because nature has destined her to be a wife and a mother and to confine her activities to the home Everything that is beyond the four narrow walls of her home and is not closely connected with her domestic duties is not supposed to concern her In the woman question then we find two contending parties just as in the labor question which relates to the position of the workingman in human society Those who wish to maintain everything as it is are quick to relegate woman to her so called natural profession believing that they have thereby settled the whole matter They do not recognize that millions of women are not placed in a position enabling them to fulfill their natural function of wifehood and motherhood owing to reasons that we shall discuss at length later on They furthermore do not recognize that to millions of other women their natural profession is a failure because to them marriage has become a yoke and a condition of slavery and they are obliged to drag on their lives in misery and despair To be continue in this ebook **The Greatest Works of French Literature (English Edition)** Charles Baudelaire, George Sand, Anatole France, Molière, Voltaire, Stendhal, Émile Zola, Alexandre Dumas, Alexandre Dumas fils, Jules

Verne, Victor Hugo, Marcel Proust, Guy de Maupassant, Jean-Jacques Rousseau, Jean Racine, François Rabelais, Gustave Flaubert, Gaston Leroux, Pierre Corneille, Pierre Choderlos de Laclos, 2020-12-17 This unique collection of the greatest French classics books has been designed and formatted to the highest digital standards A History of French Literature François Rabelais Gargantua and Pantagruel Molière Tartuffe or the Hypocrite The Misanthrope The Miser The Imaginary Invalid The Impostures of Scapin Jean Racine Phaedra Pierre Corneille The Cid Voltaire Candide Zadig Micromégas The Huron A Philosophical Dictionary Jean-Jacques Rousseau Confessions Emile The Social Contract De Laclos Dangerous Liaisons Stendhal
