Subject: Job Justification for [Position Title]

Dear [Supervisor's Name],

I am writing to request your consideration and support for the creation of a new position within our [Department/Team]. I believe that this position is essential to our department's success and will contribute significantly to the overall growth and efficiency of our organization.

Job Overview:

- **Position Title:** [Proposed Position Title]
- **Purpose/Role:** Provide a concise description of the position and its purpose. Explain how it aligns with the goals and objectives of our department and organization.
- **Key Responsibilities:** Outline the primary responsibilities and tasks that the position would entail. Highlight any specific areas where the role would address critical needs or gaps in our current operations.

Justification:

- **Increased Workload:** Describe the increasing workload or additional responsibilities that have created a need for this new position. Explain how the current team is unable to manage the workload effectively without compromising quality or timely completion of tasks.
- **Enhanced Efficiency:** Discuss how the proposed position would enhance the efficiency and productivity of our department. Consider the potential impact on workflow, turnaround time, and customer satisfaction.
- **Specialized Skills or Expertise:** If the position requires specialized skills or expertise, explain how the new hire would bring valuable knowledge or qualifications that are currently lacking within the team.
- **Growth and Expansion:** If the organization is experiencing growth or planning expansion, emphasize how this new position would support these initiatives and ensure that we can meet the demands of increased business opportunities.

Perley,2021-07-12 The recent COVID 19 induced slamming of millions of information workers into the home workplace has made clear that the planning and management foundations for such a mass migration are anything but solid Now the IT industry is scrambling to offer products which do not treat the remote worker as a third class citizen However there is another problem namely the lack of a coherent theory and documented practice about what wide scale workplace decentralization will really do for the individual the organization the local community and ultimately the planet Indeed the home workplace can and ultimately will serve as the gateway to a whole new focus on the triplex of environmental energy and economic issues It may even become the portal to a more peaceful and stable world This book is not a research work but rather an opinion piece based on personal experience working as an IT program manager executive and consultant in various large enterprises while working from home for a significant percentage of the time Among other things it reflects a very strong belief that home workplace technology architects were altogether too quick to abandon the Public Switched Telephone Network PSTN as a core component of that architecture The book will equip the reader with a balance of strategic and tactical perspectives and tools which should assist in designing prototyping and rolling out a home workplace environment which is best suited to the needs of their organization and which will also contribute to the building of a worldwide electronic commonwealth
