Goldblatt,2012-04-12 In this engrossing memoir poet and literacy scholar Eli Goldblatt shares the intimate ways reading and writing influenced the first thirty years of his life in the classroom but mostly outside it Writing Home A Literacy Autobiography traces Goldblatt s search for home and his growing recognition that only through his writing life can he fully contextualize the world he inhabits Goldblatt connects his educational journey as a poet and a teacher to his conception of literacy and assesses his intellectual emotional and political development through undergraduate and postgraduate experiences alongside the social imperatives of the era He explores his decision to leave medical school after he realized that he could not compartmentalize work and creative life or follow in his surgeon father s footsteps A brief first marriage rearranged his understanding of gender and sexuality and a job teaching in an innercity school initiated him into racial politics Literacy became a dramatic social reality when he witnessed the start of the national literacy campaign in postrevolutionary Nicaragua and spent two months finding his bearings while writing poetry in Mexico City Goldblatt presents a thoughtful and exquisitely crafted narrative of his life to illustrate that literacy exists at the intersection of individual and social life and is practiced in relationship to others While the concept of literacy autobiography is a common assignment in undergraduate and graduate writing courses few books model the exercise Writing Home helps fill that void and with Goldblatt s emphasis on out of school literacy fosters an understanding of literacy as a social practice **The Craft**

Writing the Self Peter Heehs,2013-02-14 The self has a history In the West the idea of the soul entered Christianity with the Church Fathers notably Augustine During the Renaissance the idea of the individual attained preeminence as in the

works of Montaigne In the seventeenth century philosophers such as Descartes formulated notions of selfhood that did not require a divine foundation in the next century Hume grew skeptical of the self's very existence Ideas of the self have changed markedly since the Romantic period and most scholars today regard it as at best a mental construct First person genres such as diaries and memoirs have provided an outlet for self expression Protestant diaries replaced the Catholic confessional but secular diaries such as Pepys's may reveal yet more about the self After Richardson novels competed with diaries and memoirs as vehicles of self expression though memoirs survived and continue to thrive while the diary has found a new incarnation in the personal blog Writing the Self narrates the intertwined histories of the self and of self expression through first person literature
