

Welcome to our 5th grade graduation! This exciting day marks an important transition for our students. Thank you all for coming to support our wonderful graduates. Graduates, please take a moment to recognize your family and friends that have supported you on your journey with a round of applause.

Today is bittersweet for the staff at _____. We are sad to see our fifth graders go, but we are so excited to see what they will accomplish and do with their lives. I feel so honored that I had a chance to work with these outstanding young people. Many of the students graduating today have been with us since kindergarten (and a few have been here since preschool). Because of them, I feel confident about our future as a nation. I have seen such kindness, compassion, intelligence and leadership from these students.

Students, I hope you look back on these years with fondness. Many of you know that I graduated from _____ just a few short years ago. I hope you have great memories of this place like I do. May the friendships you've made last a lifetime and may the lessons you have learned serve you well in the future. We hope that you will all achieve great things because we know that you can.

You have done so much in your time here. You learned to read and write. You have become skilled at math. You've learned to program robots, created your own mini films, learned about _____ history and studied geography. You have learned to play the keyboard and the recorder and put on wonderful performances for your families. You've created beautiful pieces of art and recently explored digital design and 3D printing. You've learned about health, wellness and physical activity. You've had fun playing games at the Fall Festival. You've played with your friends at the TMCA and you've boogied away at the disco. You have been taught by many special teachers.

Our job here is done – we've taught you all that we have had the time and the days to teach you and you have learned these lessons well. Before we let you go, however, I hope you will allow me this one last opportunity to give you some advice to take with you to the middle school.

1. **Work hard** The effort you put into a task will determine how much you grow from it. The harder you try, the more you learn and the better you get. Don't give up when something gets hard for you. Remember it is in those times that you are really learning. Great effort offers great rewards.
