Dr. Robert E. Anderson, a Republican, said that while he agreed with the report, he was not sure that the report was correct. He said that the report was based on a study of 100,000 people, but that the study was not a random sample. He said that the study was biased because it only included people who were in the military or who had been in the military. He said that the study was also biased because it only included people who were in the military or who had been in the military. He said that the study was also biased because it only included people who were in the military or who had been in the military.
