## **Ocha 20annual Report:**

Humanitarian challenges in Iraq's displacement crisis Ahmed Hassin, Mays Al-Juboori, 2016-12-22 There are currently more than four million internally displaced persons IDPs in Iraq Many remain in a state of profound insecurity at risk of arbitrary detention or attack not only from the Islamic State of Iraq and al Sham ISIS but also from Iraqi Security Forces Shi a militias Kurdish forces and other actors As significant numbers of IDPs try to return to their areas of origin fresh waves of displacement from Mosul and elsewhere are taking place IDPs continue to face harsh and even life threatening conditions as Iraq s conflict continues Many are without access to adequate food shelter and essential services such as health care water and sanitation particularly those trapped in remote or conflict affected areas Women children and persons with disabilities are especially vulnerable Education remains inaccessible or unaffordable for many with an estimated three million children out of school as a result of conflict and displacement While authorities have struggled to provide adequate protection and assistance to a large number of IDPs their vulnerability is further exacerbated by restrictions on freedom of movement imposed by Iraqi and Kurdish security forces IDPs routinely suffer discrimination on the basis of their ethnic or religious identity Sunni IDPs for example are frequently denied entry to Baghdad on the assumption that their numbers may include ISIS sympathizers Returnees face considerable risks as numerous homes and neighbourhoods have been booby trapped by retreating ISIS fighters or still contain explosive remnants of war ERW Despite these dangerous conditions authorities are encouraging IDPs to return without raising adequate awareness about the potential threats or ways to minimize them As a result deaths and injuries have already been reported among returning IDPs This report recommends The Government of Iraq GoI and the Kurdish Regional Government KRG should remove barriers to IDPs accessing services including by allowing on an emergency basis for identity documents to be issued to IDPs in their current governorate of residence and ensuring that documentation and registration procedures do not discriminate on grounds of religion ethnicity or Iraqi authorities and international donors should prioritise resources to meet the humanitarian needs of IDPs including access to shelter food and non food aid and health care This should include specific provision for displaced women and for persons with disabilities Education should be an immediate priority for school age children who have been internally International agencies should also work with the Iraqi authorities to support the rebuilding of damaged infrastructure and the resumption of local services in areas retaken from ISIS and provide technical support for mine clearance and risk education campaigns to protect civilians from exposure to the threats of explosive remnants of war upon their return *Inland Seas* ,1993 **Gaza's**

**Cycle of Destruction and Rebuilding** Ghassan Elkaoul, 2024-12-25 Gaza s Cycle of Destruction Understanding the Actors Dynamics and Responses is an integrated multidisciplinary and comprehensive academic inquiry into Gaza wars and their drivers actors dynamic paradigms and responses Unlike studies on the previous wars in Gaza it seeks to present to the regional and global readership a different perspective towards the conflict one that is authored by nearly a dozen Palestinian

researchers and academics It strives to steer away from the Northern dominated research space to present an informative analytical and thought provoking argument The book provides a combination of theoretical thematic and topical analysis of the war It is designed to guide the reader through the background and development of the events of the 2023 war Put differently the book s objective goes beyond tracing the historical roots of instability in Gaza Instead it directly addresses the Gaza Strip s contemporary context

**Complex Emergencies** David Keen,2008-01-22 Analysing the abusive systems that surround and produce humanitarian disasters this text gives particular attention to the economic political and psychological functions of civil conflicts and humanitarian disasters

**Biopolitics, Governmentality and Humanitarianism** Volha Piotukh,2015-04-10 This book critically analyses the changing role and nature of post Cold War humanitarianism using Foucault s theories of biopolitics and governmentality It offers a compelling and insightful interpretation of the policies and practices associated with new humanitarianism in general as well as of the dynamics of two specific international assistance efforts the post 2001 conflict related assistance effort in Afghanistan and the post 2000 Chernobyl related assistance effort in Belarus The central argument of the book is that new humanitarianism represents a dominant regime of humanitarian governing informed by globalising neoliberalism and is reliant on a complex set of biopolitical disciplinary and sovereign technologies It demonstrates that while the purposes of humanitarian governing are specific to particular contexts its promise of care is more often than not accompanied by sovereign and or biopolitical violences Making an important contribution to existing scholarship on humanitarian emergencies and humanitarian action on biopolitics and governmentality this book will be of much interest to students and scholars of humanitarianism critical security studies governmentality and International Relations generally

**Covid-19 and Insurance** María Luisa Muñoz Paredes,Anna Tarasiuk,2023-01-10 This book offers a novel study on the impact of the Covid 19 pandemic on insurance from an international and comparative perspective It assesses how insurance has to adapt to a new landscape the effects of which will last over time and cut across all areas of the field To avoid physical contact digitalisation has accelerated dramatically affecting insurance in all its phases risk selection underwriting pricing and claims settlement However the effects of the Covid 19 pandemic go far beyond that The extent to which a claim caused directly or indirectly by the virus is or is not covered by a given policy has been the subject of debate in many insurance branches The most litigated cases worldwide are those that concern damages resulting from business interruption due to restrictions enforced by the authorities in virtually every country This book analyses the rulings for and against the insured that have already been handed down by courts in various jurisdictions for example in the US Latin America Spain and Germany in order to provide guidance to the parties in future lawsuits and also to guide the courts own responses This analysis extends to the measures that governments have taken in relation to insurance during the pandemic as well as the changes that insurers have introduced in their general

conditions to exclude coverage for the pandemic This response is unsatisfactory as the big question is how pandemic related risks can be covered if private insurers simply refuse to do so Solutions based on risk sharing with public entities or the use of contractual modalities such as parametric insurance are among those outlined by the authors The book was written by experts from academia and lawyers specialising in this field and written for all those interested in the field of insurance lawyers judges academics and legal professionals

### **The Routledge Handbook of Disaster Response and Recovery**

*Transforming agriculture in South Sudan* Eliste, P., Forget, V., Veillerette, B., Rothe, A.-K., Camara, Y., Cherrou, Y., Ugo, E., Deng, S., 2022-08-10 FAO teamed up with the World Bank on this strategic analysis of the investment policy and institutional support needed to shift South Sudan's agriculture sector from humanitarian relief to a development oriented growth path The team carried out a thorough review of lessons learned in South Sudan and other conflict affected countries and held consultations with a wide range of stakeholders in the country As a result four complementary investment strategies were identified agriculture production and food security community resilience and social capital value chain development and jobs and peace consolidation The authors advocate for combining these four strategies in a flexible way depending on how the shocks currently affecting agriculture conflict violence macro economic instability governance natural disasters evolve in the coming years The Government of South Sudan and the World Bank consider this analytical work a milestone that will pave the way for future investments in agriculture and rural development in the country This publication is part of the Country Investment Highlights series under the FAO Investment Centre's Knowledge for Investment K4I programme

Europa braucht Humanitäre Hilfe Jonathan Krämer, 2023-01-10 Die Worte Krise und Europäische Union im gleichen Satz zu lesen ist uns nicht mehr fremd Trotz Bankenkrise und Eurokrise denken wir bei einer Humanitären Krise jedoch eher an weit entfernte Kontinente Die Europäische Union zahlt weltweit am meisten in die großen Töpfe der Humanitären Hilfe ein und auch die Zivilgesellschaft packt gerne mit an Bedarf steigend Doch seit einigen Jahren hufen sich auch weit hinter den eigenen Grenzzonen offenbar bewusst geschaffene Elendslager Dieses Buch prüft anhand von objektiven Kriterien der

**Conflict and Development** Andrew J. Williams, Alasdair Gordon-Gibson, 2024-09-26 Fully revised and updated in its third edition this timely book brings together the study of conflict and war and the problems surrounding the economic development of developing societies that are most prone to experiencing problems in moving on after war The book does so by reflecting on the issues surrounding war as it unfolds and after it has in principle ended within the context of the history present day problems and future prospects The book aims to highlight the possibilities successes and failures of past and present policies that bring development to countries and peoples that want to be more involved in deciding their own futures after conflict and war and often find themselves subject to what can be seen as arbitrary and even alien ways of thinking and acting by institutions in which they theoretically have membership and agency but often do not in practice The case studies have been fully updated to reflect changes and developments since the second edition of this text and there are questions at the end of each chapter to promote reflection This new edition presents a deeper dive into the history of conflict and the emergence of new theories and policy guidance about present and future options in the fields of conflict and development Accessible and engaging this textbook is a pivotal resource for a nexus of subjects related to the often separated fields of conflict and development studies as well as practitioners in this area

*Cadre de gestion des risques liés aux situations d'urgence et aux catastrophes dans le contexte de la santé*, 2021-11-16

**The Peacekeeping Failure in South Sudan** Mark Millar, 2022-08-11 In 2011 South Sudan was welcomed into the United Nations as the world's newest nation Celebrations on the ground reflected palpable relief after more than 20 years of violent struggle With unprecedented goodwill and optimism the UN deployed 7 000 soldiers and another 2 000 police and civilian peacekeepers to the country to support its transition to independence However the mission failed and within less than three years South Sudan was plunged into a catastrophic civil war Using firsthand accounts from senior UN officials and referencing hitherto unseen UN documents this book explores the role of the peacekeeping mission in that failure It challenges the resignation with which many in academia and the media greeted the underperformance of the peacekeepers It suggests that even while under resourced they could have done much more to prevent bloodshed in the new country and protected civilians from the chaos of the first years of the conflict The UN has thus far avoided a thorough and public examination of its actions in South Sudan It has avoided accountability and instead rewarded failed decision makers This book is an attempt to re assess the legacy of that mission and to detail how its many mistakes can and should be avoided in the future

Sustainability And

Development In Asia And The Pacific: Emerging Policy Issues Xiumei Guo,Dora Marinova,2018-06-28 The UN Sustainable Development Goals provide a common global agenda for development However the emerging policy issues vary greatly across the world With 32 contributors this volume provides a timely research based overview for the need for policy interventions to improve the sustainability and development models of the ten selected countries in Asia and the Pacific The volume is firmly positioned at the cusp between research policy and practice      *Politiques agricoles : Suivi et évaluation 2023 (version abrégée) Adapter l'agriculture au changement climatique* OECD,2023-10-30 Le rapport de cette année s'intéresse plus particulièrement la politique d'adaptation au changement climatique si près de 600 mesures d'adaptation sont recensées dans les pays étudiés l'attention est également attirée sur la nécessité de redoubler d'efforts pour faire avancer la mise en œuvre le suivi et l'évaluation de ces mesures
