PARLIAMENT LIMITS THE ENGLISH MONARCHY

From 1485 to 1558, England was ruled by Tudor kings and queens, including Queen Elizabeth I. The Tudors believed in the **divine right of kings**, which means they thought their power came directly from God. However, they also worked with Parliament to help them rule more effectively. Often, Elizabeth I ruled without any dissent or advice from the House, which is how the House finally became strong in 1559, under the Tudors, the House was not as good at working with Parliament.

The House used Parliament by trying to rule as absolute monarchs, meaning they wanted total control. James I's son, Charles I, caused even more problems, the parliament in prison without fair trials, demanded extremely high taxes, and made the Parliament angry by ignoring their laws. When Parliament said no, they lost, Charles died in 1649. In 1688, the end to the English Civil War between Charles I and Parliament. After seven years of fighting, Parliament won. They put Charles I on the throne and he ruled from 1688 to 1702. During this time, England was not as good at working with Parliament. For example, England became a member of the Commonwealth, with the king at the top. But in 1701, Parliament passed the Bill of Rights, which limited the king's power.

During Charles I's reign, an important law called the Petition of Right was passed in 1628. This law said that the king could not take away a man's life or property without a trial, and they had the right to own a sword. It showed the king's power was not absolute.

When Charles I died in 1649, his brother James II succeeded him. James was Catholic, which upset many Protestants in England. He gave important jobs to Catholics and got rid of Parliament when it disagreed with him. In 1688, after James II's wife had a son and would be a Catholic, many Protestants wanted that a Catholic family would rule England again.

To stop this, Parliament asked Mary, James's daughter-in-law, and her husband, William, to rule England. James II fled to France, and there was no fighting. The event was called the Glorious Revolution. Before becoming king, William and Mary agreed to the Bill of Rights, which gave Parliament more power and said that the king or queen had to work with Parliament. It also gave Parliament control over the country's money. This marked the start of England becoming a constitutional monarchy, where the king or queen's powers are limited by laws and Parliament.
