Monika, Chef Saurabh Khurana, Chef Gagandeep Passi, Chef Naveen Kohli, 2024-10-14 Food is much more than sustenance it is a reflection of culture history and the relationship we share with the environment For generations communities across India have lived in close connection with nature using its resources wisely and with respect Their traditional recipes often passed

down through oral tradition are not just a testament to culinary skill but also to the principles of sustainability which have governed the way they grow gather and cook food Indian Recipes for a Sustainable Lifestyle is a humble attempt to bring these traditional practices to the forefront highlighting how food can be both nourishing and ecologically responsible In recent years sustainability has become a critical topic of conversation worldwide As modern lifestyles increasingly distance us from nature we re confronted with the environmental impact of industrial agriculture food waste and unsustainable consumption patterns Yet for many indigenous and rural communities across India sustainability is not a trend or a choice it is a way of life These communities have long thrived on practices that prioritize balance with the environment where nothing is wasted and every ingredient has a purpose The recipes featured in this book draw from the vast and varied culinary traditions of India s diverse regions From the highlands of the Himalayas to the coastal plains of Tamil Nadu from the deserts of Rajasthan to the lush forests of the Northeast each recipe tells a story of the land the people and their relationship with the ecosystem What makes these recipes particularly special is their focus on using seasonal locally available ingredients often items that are foraged or grown without the use of harmful chemicals This not only ensures that the food is fresh and flavorful but also reduces the carbon footprint associated with long supply chains and artificial preservation methods **Top**
