complex than the challenge of the hunt or the process of piecing together a scientific puzzle The thought of good people suffering drives me for better or worse to the point of obsession People always ask how I am able to detach from the horrors of my work Part of it is an innate capacity to compartmentalize the rest is experience and exposure and I've had plenty of both But I have always taken pride in the fact that I can keep my feelings locked up to get the job done It's only been recently that it feels like all that suppressed darkness is beginning to seep out When I look back at my long career there is a lot I am proud of I have caught some of the most notorious killers of the twenty first century and brought justice and closure for their victims and families I want to tell you about a lifetime solving these cold cases from Laci Peterson to Jaycee Dugard to the Pittsburgh homicides to yes my twenty year long hunt for the Golden State Killer But a deeper question eats at me as I ask myself at what cost I have sacrificed relationships joy even fatherhood because the pursuit of evil always came first Did I make the right choice It's something I grapple with every day Yet as I stand in the spot where a young girl took her last breath as I look into the eyes of her family I know that for me there has never been a choice I don't know if I can solve your case I whisper But I promise I will do my best It is a promise I know I can keep Forgiveness Marina

Worlds Apart Benjamin Paloff, 2025-04-29 A number of European authors who survived concentration camps ghettos and besieged cities in the middle of the twentieth century chose not to write straightforward memoirs or testimonials but instead to fictionalize their experiences By manipulating narrative time and point of view and altering biographical facts these writers produced literary texts that challenge common notions of what constitutes an appropriate representation of collective trauma How might such works provide a deeper understanding of historical truth than the facts alone What does the literature of the camps reveal about present day spaces of confinement Worlds Apart explores the ethics of representation by reading the works of writers who use the techniques of literary fiction to depict survival in these precarious spaces Benjamin Paloff traces the complex relationship between fact and truth in these texts disentangling writers individual experiences from fictional elements that universalize that experience and in so doing show the camp to be an institution of the present Touring the unusual genre conventions of these works he weighs crucial questions about what constitutes truth in historical

representation literature and the popular imagination Reading across Czech French German Polish Russian and Yiddish including lesser known and untranslated works Paloff considers portrayals of the Shoah the Gulag the Warsaw Ghetto Uprising and the blockade of Leningrad Bold nuanced and rich in comparative insight Worlds Apart argues forcefully for the moral urgency of recognizing that the camp is not simply a historical artifact but a basic institution of contemporary society

The Boys of the Dark Robin Gaby Fisher, Michael O'McCarthy, Robert W. Straley, 2024-09-04 The harrowing true story of the abuses two boys suffered at a Florida reform school and how they came together fifty years later to confront their attackers The Boys of the Dark reads seamlessly A worthy exploration of a regrettably long lasting true crime nightmare Kirkus Reviews Michael O McCarthy and Robert W Straley were teens when they were termed incorrigible youth by authorities and ordered to attend the Florida School for Boys They discovered in Marianna the City of Southern Charm an immaculately groomed campus that looked more like an idyllic university than a reform school But hidden behind the gates of the Florida School for Boys was a hell unlike any they could have imagined The school's guards and administrators acted as their jailers and tormentors The boys allegedly bore witness to assault rape and possibly even murder For fifty years both men and countless others like them carried their torment in silence But a series of unlikely events brought O McCarthy now a successful rights activist and Straley together and they became determined to expose the Florida School for Boys for what they believed it to be a youth prison with a century long history of abuse They embarked upon a campaign that would change their lives and inspire others Robin Gaby Fisher a Pulitzer Prize winning journalist and author of the New York Times bestselling After the Fire collaborates with Straley and O McCarthy to offer a riveting account of their harrowing ordeal The book goes beyond the story of the two men to expose the truth about a century old institution and a town that adopted a Nuremberg like code of secrecy and a government that failed to address its own wrongdoing What emerges is a tale of strength resolve and vindication in the face of the kinds of terror few can imagine Haunting and disturbing The voices of the victims will forever touch my heart To turn a deaf ear to this type of injustice is to give permission for it to continue As a people as a society we should be outraged Jennifer Thompson coauthor of Picking Cotton This deeply moving story is highly recommended to readers of heart wrenching memoirs 20th century American studies or true crime Library Journal
