The Poems of Robert Browning: Volume Six John Woolford, Daniel Karlin, Joseph Phelan, 2022-06-30 The Ring and the Book published serially in 1868-9 is one of the most daring and innovative poems in the English language. The story is based on the trial of an Italian nobleman Guido Franceschini for the murder of his wife Pompilia in Rome in 1698. Browning's discovery of the old yellow book, a bundle of legal documents and letters relating to the trial on a second-hand market stall in Florence, sparked an imaginative engagement with this sordid tale of domestic cruelty, adultery, and greed which grew through four years of arduous labour into an epic populated not by gods and warriors but by concrete, recognizably human beings. Fusing the technique of the dramatic monologue, the form he had made his own with the grandeur of classical epic and the vivid realism of the modern novel, Browning created a unique hybrid form that allowed him not only to bring to life an entire historical period but also to reflect on the process of artistic creation itself: the forging of the golden ring of the poem from the pure, crude fact of its historical original. This edition, comprising volumes 5 and 6 in the acclaimed Longman Annotated English Poets edition of Browning's poems, does full justice to the scope and depth of Browning's achievement. The headnote in volume 5 gives an authoritative account of the poem's composition, publication, sources, and reception, making use of hitherto unpublished letters and textual material. In addition to giving readers help where needed with historical and linguistic comprehension, the notes track Browning's formidable range of allusion from the most erudite to the most vulgar. The appendices in volume 6 present a selection from the original sources, a list of variants from extant proofs, and key passages from Browning's fascinating and revealing correspondence with one of the earliest readers of the poem, Julia Wedgwood. The aim is to enable readers not just to understand the poem as an object of study but to take pleasure in its abounding intellectual and emotional energies.

The Book Of Heaven (Volumes 1 to 36) Luisa Piccarreta, 2023-03-08 In every act of one who lives in the Divine Volition, he pronounces the Fiat, there and forms of it so many divine lives. How he gives himself into the power of the creature and lets her do that which she wants with him. Difference that passes between one who lives in him and between one who is resigned. I am always between the arms of the divine Fiat, and oh how I feel the need of his life that breathes, beats, circulates in my poor soul. Without him I feel that all dies for me: the light dies, sanctity, strength, even heaven itself, as if it might not belong to me anymore. Instead, as I feel his life all re-arises in me. The light re-arises with its beauty that vivifies, purifies, and sanctifies. My own Jesus re-arises with all his works. Heaven re-arises which the holy Volition encloses within my soul as within a sanctuary in order to make it all mine. So that if I live in his Will, everything is mine and nothing should be missing for me.
