Roman Girlhood And The Fashioning Of Femininity:

Roman Girlhood and the Fashioning of Femininity Lauren Caldwell, 2015 Elite women in the Roman world were often educated socially prominent and even relatively independent Yet the social regime that ushered these same women into marriage and childbearing at an early age was remarkably restrictive In the first book length study of girlhood in the early Roman Empire Lauren Caldwell investigates the reasons for this paradox Through an examination of literary legal medical and epigraphic sources she identifies the social pressures that tended to overwhelm concerns about girls individual health and well being In demonstrating how early marriage was driven by a variety of concerns including the value placed on premarital virginity and paternal authority this book enhances an understanding of the position of girls as they made the transition from childhood to womanhood

Fulvia Jane Draycott, 2025-07-22 Jane Draycott reclaims the life story of Fulvia one of the most powerful women of the late Roman Republic Light and thorough wide reaching and focused entertaining but not sensationalist Financial Times Fulvia was born into wealth privilege and prestige around the year 80 BCE yet there was nothing inherently special about her she was not a saint an empress or a queen But during the years leading up to the fall of the Roman Republic Fulvia was moving in the most powerful social circles and by her death in 40 BCE she had amassed a degree of political and military power unprecedented for a woman Fulvia s success came at considerable cost however None of her three marriages to politically powerful men most famously to Marc Antony lasted and three of her five children died violently She was repeatedly ridiculed for daring to step outside the confines of the domestic sphere The deliberate and systematic destruction of her reputation shaped her legacy for two millennia Ample literary documentary and archaeological sources for Fulvia exist yet most contemporary depictions of her were extremely negative Historian Jane Draycott reading between the lines of the ancient evidence proposes a more nuanced interpretation Using Fulvia as a guide she invites readers to visit an unfamiliar Rome one in which women played a crucial role during Rome s violent transition from a republic to the dictatorship of the Roman Empire

Man of High Empire Roy K. Gibson, 2020-03-03 Pliny the Younger c 60 112 C E senator and consul in the Rome of emperors Domitian and Trajan eyewitness to the eruption of Vesuvius in 79 and early persecutor of Christians on the Black Sea remains Rome s best documented private individual between Cicero and Augustine No Roman writer not even Vergil ties his identity to the regions of Italy more successfully than Pliny His individuality can be captured by focusing on the range of locales in which he lived from his hometown of Comum Como at the foot of the Italian Alps down through the villa and farms he owned in Umbria to the senate and courtrooms of Rome and the magnificent residence he owned on the coast near the capital Organized geographically *Man of High Empire* is the first full scale biography devoted solely to the Younger Pliny Reserved punctilious

occasionally patronizing and perhaps inclined to overvalue his achievements Pliny has seemed to some the ancient equivalent of Mr Collins the unctuous vicar of Jane Austen's *Pride and Prejudice* Roy K Gibson reveals a man more complex than this unfair comparison suggests An innovating landowner in Umbria and a deeply generous benefactor in Comum Pliny is also a consul who plays with words in Rome and dispenses summary justice in the provinces A solicitous if rather traditional husband in northern Italy Pliny is also a literary modernist in Rome and more surprisingly a secret pessimist about Trajan the best of emperors Pliny's life is a window on to the Empire at its zenith The book concludes with an archaeological tour guide of the sites associated with Pliny

Jesus, Mary, and Joseph Christopher A. Frilingos, 2017-09-05 When Jesus was five he killed a boy or so reports the Infancy Gospel of Thomas A little boy had run into Jesus by accident bumping him on the shoulder and Jesus took offense Jesus was angry and said to him You shall go no further on your way and instantly the boy fell down and died A second story recounts how Jesus transformed mud into living birds while yet another has Joseph telling Mary to keep Jesus in the house so that no one else gets hurt What was life really like in the household of Joseph Mary and little Jesus The canon of the New Testament provides few details but ancient Christians wanting to know more would turn to the texts we know as the Infancy Gospels The Infancy Gospel of Thomas is a collection of stories from the mid second century C E describing events in the life of Jesus between the ages of five and twelve The Proto gospel of James also dating from the second century focuses on Mary and likewise includes episodes from her childhood These gospels are often cast aside as marginal character sketches designed to assure the faithful that signs of divine grace cropped up in the early years of both Mary and Jesus Christopher A Frilingos contends instead that the accounts are best viewed as meditations on family Both gospels offer rich portrayals of household relationships at a time when ancient Christians were locked in a fierce debate about family not only on the question of what a Christian family ought to look like but also on whether Christians should pursue family life at all Describing the conflicts of family life the gospels present Jesus Mary and Joseph in moments of weakness and strength reminding early Christians of the canyon separating human ignorance and divine knowledge According to Frilingos the depicted acts of love and courage performed in the face of great uncertainty taught early Christian

readers the worth of human relationships Women in Martial Ilaria Marchesi, 2024-06-24 *Women in Martial* is the first monograph to treat the portrayals of women in Martial's Epigrams in a systematic way. In this volume Marchesi proposes a new method of exploring the cultural construction of femininity in the Flavian age, presenting an interplay between close readings of Martial's poems and their contextualization through legal, historiographic, rhetorical, and grammatical discussions. This book discusses the social roles assigned to women in Roman society where they were at once called to represent their fathers and reproduce their husbands, together with the question of to what extent they are depicted as semiotic signifiers in Martial's corpus. Noting socially aberrant behavior by pointedly using the discourse of grammar and its categories to detect and address the social issues of his time, Martial, a poet who distinctively adopts the role of a surrogate censor for Domitian, constructs the women he depicts in both negative and positive ways as signs of their time. Using a wide range of examples from ancient Roman culture, *Women in Martial* models a way of using literary sources to address the intersection of social and cultural issues in the study of women in the ancient world, ultimately demonstrating the extent to which the social roles and identities of women were constructed and policed through semiotic categories.
