Romance Hired English Edition:

Merlin, a Middle-English Metrical Version of a French Romance Henry Lovelich, 1913 **Romance and the Gentry in Late Medieval England** Michael Johnston, 2014-05 showing that contrary to the commonly held view that romances are representative of the popular culture of their day in fact such texts appealed primarily to the gentry England's elite landowners who lacked titles of nobility **Periods of European Literature: The flourishing of romance and the rise of allegory** George Saintsbury, 1923 *Manet and the Family Romance* Nancy Locke, 2001 douard Manet's paintings have long been recognized for being visually compelling and uniquely recalcitrant While critics have noted the presence of family members and intimates in paintings such as *Le Djeuner sur l'herbe* Nancy Locke takes an unprecedented look at the significance of the artist's family relationships for his art Locke argues that a kind of mythology of the family or Freudian family romance frequently structures Manet's compositional decisions and choice of models By looking at the representation of the family as a volatile mechanism for the development of sexuality and of repression conflict and desire Locke brings powerful new interpretations to some of Manet's most complex works Locke considers for example the impact of a father-son drama rooted in a closely guarded family secret the adultery of Manet's pre and the status of Leon Leenhoff Her nuanced exploration of the implications of this story that Manet in fact married his father's mistress makes us look afresh at even well known paintings such as *Olympia* This book sheds new light on Manet's infamous interest in gypsies street musicians and itinerants as Locke analyzes the activities of Manet's father as a civil judge She also reexamines the close friendship between Manet and the Impressionist painter Berthe Morisot who married Manet's brother Morisot becomes the subject of a series of meditations on the elusiveness of the self the transience of identity and conflicting concerns with appearances and respectability Manet and the Family Romance offers an entirely new set of arguments about the cultural forces that shaped these alluring paintings Middle English Literature Charles W. Dunn, Edward T. Byrnes, 2013-11-26 For the first time available in paperback this classic anthology provides readers with important literary works composed during the Middle English period 1100-1500 in England Scotland and Ireland The editors provide glosses for all unfamiliar words and obscure phrases and every selection refers to at least one definitive edition where details of recent scholarship can be found Modern punctuation and capitalization are used throughout and variant spellings are kept to a minimum to avoid unnecessary confusion The introduction discusses important literary and linguistic questions the headnotes and bibliography offer extensive guidance to secondary sources and the appendixes clarify pronunciation verb use and dialect variations
