

Family Assessment Paper

Running Head: FAMILY HEALTH ASSESSMENT Family Health Risk Assessment Paper

Tynette Miller Submitted to Dr. Sarah Combs in Partial Fulfillment of NR478 Community Health Nursing Practicum Regis University April 3, 2013 2 FAMILY HEALTH ASSESSMENT A comprehensive family assessment provides a foundation to promote family health.

Edelman & Mandile, C. L. . (2011). This assessment of family health offers many approaches that involve getting to know the strengths and weaknesses of the family.

According to Stanhope & Lascaster (2010), the family nursing assessment is the cornerstone for family nursing interventions and systematic processes that are used to identify the family's developmental stages and risk factors. The Friedman Family Assessment Model (2003) provides guidelines for nurses to interview the structure and function of families. This paper will implement the Friedman Family Assessment Tool to assess the Harvey Family. Identify Data: The Harvey Family is a traditional family that is composed of 4 family members.

AH is the father and is a 39 year old black male with a college degree in business. He is a plant manager at a steel mill in Jackson, MS. Mrs. BH is also African American and is the mother of the family. She is 35 years old and teaches at one of the local high schools in Jackson, MS. Mr. and Mrs. Harvey have 2 kids. CH is a 13 year on girl who is in the 7th grade and has asthma. Her brother, DH, is 6 years old in the 1st grade with no present known medical history. The whole family takes weekend trips every other weekend. They enjoy hiking, amusement parks, computers, shopping, and site seeing.

Parents' perception is that they are hardworking, good citizens who strongly believe in God and their religious beliefs are Methodist. This family appears to be in good health and proud parents of 2 kids. The family strengths consist of a rich history of Methodist beliefs, strong family morals, and high levels of education for greater opportunities. Family Structure: This couple has been married for 15 years. According to the Freidman Family Assessment Model (2003), their present developmental stage would be family with adolescent / young child.

The extent of each of the parent's developmental task appears to be properly fulfilled. They both agree not to have any more children. They practice safe sex with one partner and have no history of sexually transmitted diseases. The general health of the immediate family is overall good. The family history of the extended family denotes grandparents with hypertension and a few members who suffer with asthma. The father was diagnosed with hypertension and the mother denied any medical history except for a tubal ligation. The paternal grandfather (GH) is 75 years old and suffers from hypertension and is a heavy smoker.

Sample Family Assessment Paper

Len Sperry

Sample Family Assessment Paper:

Couple and Family Assessment Len Sperry, 2024-09-17 This fourth edition text features the latest most common and important assessment measures and strategies for addressing problematic clinical issues related to working with families couples and children Chapters provides strategies for systematically utilizing these various assessment measures with a wide range of family dynamics that influence couples and families These include couples conflict divorce separation mediation premarital decisions parenting conflicts child abuse family violence custody evaluation and child and adolescent conditions i e depression anxiety conduct disorder bipolar disorder obsessive compulsive disorder autism Asperger s syndrome and learning disorders that can significantly influence family dynamics Filled with extensive clinical case material that illustrates the use of these various assessment measures and strategies in an array of clinical situations this edition is filled with new assessment devices as well as a new chapter on family trauma and family chronic illness This book is essential reading for both students in family and couple therapy courses as well as practitioners working with families couples and children

Family Assessment Handbook Barbara Thomlison, 2002 THE FAMILY ASSESSMENT HANDBOOK is a basic practice guide for social work students and beginning human service professionals of how to do a family assessment for case intervention It is based on person environment or family systems theory drawing from evidence based research for guiding practice decisions This practical book presents the interplay of social work concepts values and skill dilemmas presented using case studies from the author s practice experience By developing a family journal students can apply family systems thinking theory and concepts The book is conceptualized as three teaching and learning units Part One addresses the family systems assessment model Part Two focuses on self assessment and critical thinking through exploring the student s family system Part Three includes four case studies *Improving Child and Family Assessments* Danielle Turney, Dendy Platt, Julie Selwyn, Elaine Farmer, 2011-09-15 This book brings together findings from 10 years of UK research that shed light on different aspects of child and family assessment examining the evidence for what works in promoting the best outcomes for children It covers thresholds for assessment and intervention what information should be collected and assessments in different contexts **Grading the Nation's Report Card** National Research Council, Commission on Behavioral and Social Sciences and Education, Board on Testing and Assessment, Committee on the Evaluation of National and State Assessments of Educational Progress, 1999-01-23 Since the late 1960s the National Assessment of Educational Progress NAEP the nation s report card has been the only continuing measure of student achievement in key subject areas Increasingly educators and policymakers have expected NAEP to serve as a lever for education reform and many other purposes beyond its original role Grading the Nation s Report Card examines ways NAEP can be strengthened to provide more informative portrayals of student achievement and the school and system factors that influence it The committee offers specific recommendations and strategies for improving NAEP s effectiveness and utility including Linking achievement data to other education indicators

Streamlining data collection and other aspects of its design Including students with disabilities and English language learners Revamping the process by which achievement levels are set The book explores how to improve NAEP framework documents which identify knowledge and skills to be assessed with a clearer eye toward the inferences that will be drawn from the results What should the nation expect from NAEP What should NAEP do to meet these expectations This book provides a blueprint for a new paradigm important to education policymakers professors and students as well as school administrators and teachers and education advocates

Nurturing the One, Supporting the Many Peg McCartt Hess, Brenda G. McGowan, Michael Botsko, 2003 Describes the history and current goals of Israel's intelligence service the Mossad

Evaluating Family-Based Services Peter J. Pecora, 2018-02-06 Family based service FBS programs have been developing rapidly across the country at a time of increasingly scarce human resources and in a politically volatile climate Such a context has made evaluation of such programs imperative The present volume reviews basic elements of evaluation in the light of current knowledge and then highlights the most useful research instruments for measuring changes in child and family functioning Chapters focus on evaluation methods that can be employed to determine the success of existing policy and to influence the development of new policy The authors assume that their readers will have a basic familiarity with research methods and program evaluation They discuss the challenges they have encountered in conducting extensive research on family preservation family support and other related programs and pose practical solutions for administrators practitioners and evaluators confronted with similar difficult issues Each chapter presents a brief conceptual framework for understanding issues related to assessment Essential elements are reviewed while research design measurement variables and qualitative and quantitative analyses are discussed in turn The book concludes with a review of the limitations of evaluations

Meeting the Physical Therapy Needs of Children Susan K. Effgen, Alyssa LaForme Fiss, 2020-12-22 Ensure children with disabilities and special healthcare needs achieve their full potential Noted authorities Susan Effgen Alyssa LaForme Fiss and a team of scholars and clinical experts explore the role of the physical therapist in meeting the needs of children and their families in a culturally appropriate content using a family centered abilities based model From the major body systems to assistive technology and intervention support you'll develop the clinical knowledge you need to provide a child with the very best care from initial examination to graduation from your services
