hold its breath when Marina sang because of her beautiful voice People thought that her melodies could heal hurt hearts and her singing could calm even the roughest storms She was a marine guardian and the people who lived in the underwater kingdom found comfort and hope in her songs Another unique species did well in the ocean s depths sea turtles which are very old and smart These huge beings were known for being smart and able to see into the past and future Terrance was a very old sea turtle and his shell had beautiful patterns on it that showed how the water had changed over time Everyone who went to him for help respected him Oliver a little octopus who was very interested came up to Terrance one day full of questions Oliver asked with his eight quick arms Terrance can you tell me what the future holds for me
