Illustrated *The Study of Religions in Ireland* Brendan McNamara, Hazel O'Brien, 2022-06-02 This book provides a comprehensive and field defining examination of the study of religions in Ireland By bringing together some of the foremost experts on religions in an Irish context it critically traces the development of an important field of study and evaluates the

thematic threads that have emerged as significant. It thereby offers an assessment of contemporary religions in Ireland and their relationships to society, culture, economics, politics, and the State. Contributors make connections between topics as diverse as Ireland's Revolutionary Period, the formation of the Irish State, the decline of Catholicism, the rise of migrant religions, and New Religious Movements, and the effects of secularisation on religions and society. This book emphasizes the interdisciplinary nature of the study of religions whilst illustrating the coherent themes that have shaped the development of the field in Ireland, making it unique.

Joseph Pulitzer and the New York World George Juergens, 2015-12-08 To determine how and why Pulitzer turned the unsuccessful New York World into the most widely read and probably the most prosperous newspaper in the country, Professor Juergens isolates and analyzes the special qualities of Pulitzer's new style of journalism. Originally published in 1966, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. Nature in the New World Antonello Gerbi, 2010-06-20 Translated by Jeremy Moyle. In *Nature in the New World*, translated into English in 1985, Antonello Gerbi examines the fascinating reports of the first Europeans to see the Americas. These accounts provided the basis for the images of strange and new flora, fauna, and human creatures that filled European imaginations. Initial chapters are devoted to the writings of Columbus, Vespucci, Cortes, Verrazzano, and others. The second portion of the book concerns the *Historia general y natural de las Indias* of Gonzalo Fernandez de Oviedo, a work commissioned by Charles V of Spain in 1532 but not published in its entirety until the 1850s. Antonello Gerbi contends that Oviedo, a Spanish administrator who lived in Santo Domingo, has been unjustly neglected as a historian. Gerbi shows that Oviedo was a major authority on the culture, history, and conquest of the New World.

The Sacred Home in Renaissance Italy Abigail Brundin, Deborah Howard, Mary Laven, 2018-07-12 The *Sacred Home in Renaissance Italy* explores the rich devotional life of the Italian household between 1450 and 1600. Rejecting the enduring stereotype of the Renaissance as a secular age, this interdisciplinary study reveals the home to have been an important site of spiritual revitalization. Books, buildings, objects, spaces, images, and archival sources are scrutinized to cast new light on the many ways in which religion infused daily life within the household. Acts of devotion, from routine prayers to extraordinary religious experiences such as miracles and visions, frequently took place at home amid the joys and trials of domestic life, from childbirth and marriage to sickness and death. Breaking free from the usual focus on Venice, Florence, and Rome, *The Sacred Home* investigates practices of piety across the Italian peninsula, with particular attention paid to the city of Naples, the Marche, and the Venetian mainland. It also looks beyond the elite to consider artisanal and lower-status households and reveals gender and age as factors that

powerfully conditioned religious experience Recovering a host of lost voices and compelling narratives at the intersection between the divine and the everyday The Sacred Home offers unprecedented glimpses through the keyhole into the spiritual lives of Renaissance Italians **Proust's English** Daniel Karlin,2007 A study of English words and phrases in A la recherche du temps perdu dealing with the social comedy of French Anglomania and with Proust's understanding of the necessary impurity of all languages and artistic creation Karlin demonstrates that English is a significant presence in this French masterpiece The Eloquence of Ghosts Florian Mussgnug,2010 Giorgio Manganelli 1922 1990 one of Italy's most radical and original writers went further than most in exploring the creative possibilities of hybrid genres and open forms Ostentation theatricality and a love of drapery and verbal excess are defining features of his body of work which ranges from prose fiction literary criticism and drama to travel writing treatises commentaries and imaginary interviews This study examines the wealth of Manganelli's imagination his grotesque animals speaking corpses and melancholy spectres and argues that his spectacular eloquence was shaped by an exceptional awareness of literary and philosophical models Following Manganelli's lead the author addresses issues such as the boundaries of meaningful language the relationship between literary and visual texts fantasy and realism and the power of literature to express the apprehensions and intimations of human consciousness The Book of Duarte Barbosa: An Account of the Countries bordering on the Indian Ocean and their Inhabitants Mansel Longworth Dames,2017-05-15 Translated from the Portuguese Text First Published in 1812 A D by the Royal Academy of Sciences at Lisbon in Vol II of its Collection of Documents regarding the History and Geography of the Nations beyond the Seas edited and annotated Continued from Second Series 44 With translated extracts from Jo o de Barros Decadas de Asia This is a new print on demand hardback edition of the volume first published in 1921

Wartime Report United States. National Advisory Committee for Aeronautics, *Art Index* Alice Maria Dougan,Margaret Furlong,1981 **Early English Travellers in India** Ram Chandra Prasad,1980 These studies in Elizabethan and Jacobean travel literature informed by a scholarly and sympathetic but very properly unsentimental approach to ten significant English travellers in India between 1579 and 1630 throw considerable light on the India of the great Mughals and reveal the many strands which are interwoven into the ties that have bound and still in many ways bind the great and ancient civilisations of the Indian sub continent with the smaller and shorter civilisations of the British Isles Professor Ram Chandra Prasad combines the skills and resources of the historian the literary critic and the student of comparative literature and languages to demonstrate what we may learn of these two countries from the often idiosyncratic but always rich prose of Englishmen abroad in the ages of Queen Elizabeth I and King James I Professor Prasad has chosen for study Thomas Stephens Ralph Fitch John Mildenhall William Hawkins Thomas Roe Thomas Coryat William Finch Nicholas Withington Edward Terry and Henry Lord He makes just enough reference to non English travellers such as Manucci to keep

his readers in the general picture of western exploration while at the same time he concentrates on his chosen field The author s practice of quoting long extracts in the original language has a twofold advantage it makes his narrative more vivid and it facilitates the determination of what one traveller owes to another This new completely revised edition of Early English Travellers in India will continue to fill a long felt gap in Indo Anglian literature and it will be greeted as an important achievement by the scholar and the general reader alike
