

# What are the 4 Types of Parenting Styles?

Find out which parenting style works best for kids

High Expectations

**Authoritative**

- Provides reasons for equitable rules and allows children to make their own decisions within those boundaries
- Warmly supports children to achieve high expectations and overcome challenges
- Creates a mutually respectful relationship where children learn to judge situations for themselves and are set up for successful decision-making as they grow older

**Authoritarian**

- Holds children to rigid rules without explanation or flexibility
- Coerces children's behavior by withholding approval, or using sarcasm and ridicule
- Often creates a strained relationship where children may rebel, resent parents, struggle making decisions for themselves, or have lower self-esteem

High Warmth

Low Warmth

**Permissive**

- Have lax and inconsistent expectations and rules
- Overindulge children in an effort to be liked by or considered a friend to them
- Prone to fostering impulsive, aggressive children who have low expectations for themselves

**Neglectful**

- Absent or willfully uninvolved – provides little to no warmth, guidance, or nurture
- Indifferent to their child's physical or emotional needs, friends, or activities
- Leaves children with unmet needs, resulting in lower happiness levels and behavior problems
