Law Enforcement in the Age of Black Lives Matter Dwayne A. Mack, Sandra E. Weissinger, 2017-12-29 There is a reason why people claim great respect for officers of the law the job by description is hard if not deadly It takes a certain kind of person to accept the consequences of the job seeing the very worst situations on a regular basis and knowing that one s life is on the line every hour of every day Working in law enforcement is emotionally and psychologically draining It affects these public servants both on and off the job Said plainly shaking an officers hand when you see them or posting a sign in the front yard that reads Support the Badge is lip service Even going as far as to donate money to a crowdsourcing fundraising site does little to support the long term professional development needs of officers These are surface level signs of solidarity and do little in terms of showing respect for the job and those who do it For those who want to do more this text provides reasons and a rationale for doing better by these public servants Showing

respect does not mean that one agrees with whatever another person or institution claims to be the right way Showing respect and admiration means that we charge individuals to live up to their fullest potentials and integrate innovation wherever possible In the case of policing in the era of Black Lives Matters policing as usual simply is not an option any longer It is disrespectful to both the officers and those who are being policed to rest on the laurels of past policing tactics As we enter a time period in which police interactions are recorded dash cams or body cams for example and new populations are being targeted Latinx people there is much to learn about what is working and what is not [NYPD Patrol Guide Quizzer](#) Cliff Mariani, Looseleaf Law Publications, Incorporated, 2009-01-01 Completely revised and expanded Test your current knowledge of the current NYPD Patrol Guide Gain experience in handling situation based questions Master and sharpen test taking skills Over 1100 questions and answers **The NYPD Tapes** Graham Rayman, 2013-08-06 Recounts NYPD officer Adrian Schoolcraft's 2010 release of secret recordings of corruption and abuse at the highest levels of the police department and describes how his revelations have rendered him a subject of slander *Drone Law and Policy* Anthony A. Schneider, 2024-10-31 Policing and Social Media Social Control in an Era of Digital Media investigates various public aspects of the management use and control of social media by police agencies in Canada This book aims to illustrate the process by which information technology namely social media and related changes in communication formats have affected the public face of policing and police work Christopher J Schneider argues that police use of social media has altered institutional public police practices in a manner that is consistent with the logic of social media platforms policing is changing to include new ways of conditioning the public cultivating self promotion and expanding social control Every chapter in this second edition has been updated with contemporary examples and analysis Each case study presented here focuses on a different social media platform or format while at the same time developing suitable analytical and methodological approaches for understanding contemporary policing practices on social media sites **The Secret Files: Bill Deblasio, The NYPD, and the Broken Promises of Police Reform** Micheal Hayes, 2025-05-13 An unprecedented

breakdown of the NYPD's powerful network of police unions, pro police lawyers and top brass who work relentlessly to shield police officers from any real accountability. For readers of long form hard hitting journalistic exposés like *We Own This City* a compelling look at how we do and don't hold police responsible in America by an award winning progressive reporter covering the NYPD police beat. In 2018 reporter Michael Hayes uncovered a major story about how the NYPD was not only turning a blind eye to police misconduct but also allowing hundreds of officers with severe misconduct charges to remain on the force. In the aftermath of that story then Mayor Bill de Blasio attempted to reform the department only to abandon his plans. While de Blasio may have suffered a political setback it's New Yorkers who are the true victims of this failure to deliver accountability and transparency. The state has a law that specifically prevents the public from learning about concealed police records. New Yorkers are increasingly distrustful of the police after witnessing their loved ones being targeted, brutalized and murdered with near impunity. Hayes takes readers inside decades of police corruption and controversial laws chronicling the stories of the families and activists who have had enough. He makes a compelling case for the limits of reform in the aftermath of the major Black Lives Matter rallies following the murder of George Floyd and growing calls to defund the police.

Misdemeanorland Issa Kohler-Hausmann, 2019-08-27 A criminal defense attorney, sociologist and legal scholar takes readers inside New York City's lower criminal courts.

Crime and No Punishment Marie Gottschalk, 2025-11-18 How a focus on street crime has allowed corporate malfeasance to grow and why understanding both together is key to a true picture of violence in America. Provided by publisher.
