Extractive Industry Indigenisation in Zimbabwe Kennedy Manduna, 2025-09-25 This book explains how and why Zimbabwe s extractive industry Indigenisation over promised its benefits yet under delivered upon implementation This book traces the history of uneven development in Zimbabwe from the initial days of colonialism to the present using the extractive industry as the unit of analysis to carve out a granular and empirical analysis of the preponderance of transnational corporate control and ownership in the country Indigenisation of Zimbabwe s extractive industries was intended to address mining inequalities by transferring wealth from rich non Indigenous mining capital to disadvantaged Indigenous citizens and communities This policy however was a response to political economic and social crises posed by the international isolation of Zimbabwe s government following the controversial Fast Track Land Reform Programme in 2000 2003 An intervention therefore which promised to address inequalities has thus been hampered by corruption co optation and collusion which has led to it not only failing to address uneven development but in actual fact worsening the situation By examining the hidden structures and infrastructures of power capital and minerals and placing extractive industry Indigenisation in capitalism this book makes a crucial scholarly contribution to the renewed and burgeoning debates around the resurgence of resource nationalism in general and the struggle for economic sovereignty in particular This book steers readers more broadly to look

for new and diversified ways of empowering Indigenous populations and their communities through mining Indigenisation in ways that do not threaten economic and political stability This book will be of great interest to students and scholars of the extractive industries natural resource management African politics and African development **Teacher in Zimbabwe**,2014 Regional Economic Outlook, April 2015, Sub-Saharan Africa International Monetary Fund. African Dept.,2015-04-28 The sharp decline in oil and other commodity prices have adversely impacted sub Saharan Africa Nevertheless the region is projected to register another year of solid economic performance In South Africa however growth is expected to remain lackluster while in Guinea Liberia and Sierra Leone the Ebola outbreak continues to exact a heavy economic and social toll This report also considers how sub Saharan Africa can harness the demographic dividend from an unprecedented increase in the working age population as well as the strength of the region s integration into global value chains **Introduction to Gender Studies in Eastern and Southern Africa** James Etim,2016-07-28 Africa has witnessed massive changes in the last fifty years from independence through structural adjustment rule by military juntas in several countries and to a period now where the focus is on how best to prioritize their needs based on resources national goals and human potential There is general agreement that human capital is important in economic growth and development There is always the need to ensure that resources and human capital are used appropriately to advance development Gender disparities whether in treatment access to resources resource utilization and the law may in themselves retard or slow down development Resources and human potential in all societies include how best to ensure there is no gender disparity and to fully tap the resources inherent in women for personal social and national development Beginning with the women s suffrage movement there has been the push to encourage gender equality worldwide The Fourth World Conference on Women in Beijing in 1995 embodies the commitment of the international community to implement policies that will enhance the political social economic educational empowerment of women This book highlights the issues affecting women in Eastern and Southern Africa what role does custom and patriarchy play in gender disparities in education access to health problems in the workplace and family relationships How have women writers in the last twenty years presented the issues of patriarchy women s rights globalism and women s holistic development What are recent developments that have helped improve the situation for some women These are some of the issues that are covered in this book The thesis of this book is that there have been policies and strategies developed that have worked to empower women However vestiges of sexism gender disparities in several fields still remain and traditions customs and patriarchy have aided in still keeping women down div div *The Statesman's Yearbook 2015* B.
