The How-to Guide to Home Health Therapy Documentation Cindy Krafft, 2011-06 Legal Aspects of Documenting Patient Care for Rehabilitation

Professionals Ronald W. Scott, 2006 Because communication among health care professionals can mean the difference between patient life and death, clear and effective patient care documentation is as important as the delivery of care itself. The rehabilitation professional faces formidable documentation responsibilities. Patient care documentation created by the rehabilitation professional must be accurate, comprehensive, concise, objective, and timely. In an interdisciplinary health care environment, documentation must also be expeditiously communicated to other professionals on the health care team.

Documentation Basics Mia Erickson, Mia L. Erickson, 2012 Complete and accurate documentation is one of the most important skills for a physical therapist assistant to develop and use effectively. The new Second Edition of *Documentation Basics: A Guide for the Physical Therapist Assistant* continues the path of teaching the student and clinician documentation from A to Z. Mia Erickson and Rebecca McKnight have updated this Second Edition to reflect changes of the American Physical Therapy Association and the ever-evolving profession. Updated inside *Documentation Basics: A Guide for the Physical Therapist Assistant* Second Edition: The discussion on integrating disablement into documentation; The discussion on how a PTA can show medical necessity and need for skilled care; The discussion on using documentation to communicate with other providers; Writing the assessment and plan to coincide with the initial documentation; Sample notes completed on forms; More examples and practice including physical agents, school-based services, paediatrics, traumatic brain injury, spinal cord injury, and interventions consistent with the *Guide to Physical Therapist Practice*; Medicare reimbursement in different settings; The importance of consistent, reliable, and valid measurements; How to improve communication and consistency between documentation by the PT and the PTA. The discussion on disablement has also been updated, shifting away from the Nagi Model toward the International Classification of Functioning, Disability, and Health (ICF). In addition, the PTA Normative Model has been integrated throughout to include more information on clinical decision making. New inside *Documentation Basics: A Guide for the Physical Therapist Assistant* Second Edition: Navigating the PT plan of care: A step-by-step model for PTAs to use as they navigate the initial PT documentation and plan of care; How the PTA uses the PT goals from the initial
