Australian Solo Piano Works of the Last Twenty-five Years Jeanell Carrigan, 2000 This 3rd ed 2000 includes works written since 1975 **Elliott Smith's XO** Matthew LeMay, 2009-04-01 Many albums could be cited to support the claim that great suffering yields great art Elliott Smith s XO should not be one of them Smith s 1998 major label debut defies the tortured singer songwriter stereotype and takes up this defiance as a central theme At a time when Smith was being groomed for a particular and particularly condescending brand of stardom he produced a record that eviscerated one of the central assumptions of singersongwriterdom that pain is beautiful XO insists that romanticizing personal tragedy can only leave you deaf and dumb and done And it backs up this claim with some of the most artful and intelligent music of its day Matthew LeMay writes an original take on a widely beloved album steering clear of the sensationalist suicide angles that have dogged most analysis of Elliott Smith s extraordinary work *My Prognosis: I Live*

Pentheia Burns, 2014-12-11 *My Prognosis I Live* is the first collection of poems published by Penthea Burns These poems are simply meant to be a gift to the reader given in the spirit of love **Looking and Listening** Brenda Lynne

Leach, 2014-11-13 *Looking and Listening* Conversations between Modern Art and Music invites the art and music lover to place these two realms of creative endeavor into an open dialog Although the worlds of music and visual art often seem to take separate paths they are usually parallel Conductor and art connoisseur Brenda Leach takes unique pairings of well known visual art works and musical compositions from the twentieth century to identify the shared sources of inspiration as well as similarities in theme style and technique to explore the historical and cultural influences on the great artists and composers in the twentieth century *Looking and Listening* asks and answers What does jazz have in common with paintings by Stuart Davis and Piet Mondrian How did Gershwin s *Rhapsody in Blue* affect the work of artist Arthur Dove How did

painter Georgia O Keeffe and composer Aaron Copland capture the spirit of a youthful America entering the twentieth century What did Kandinsky and Schoenberg share in their artistic visions Leach takes readers on a whirlwind tour of the lives of these artists surveying many of the key movements in the twentieth century by comparing representative works from the modern masters of the visual arts and music Leach s refreshing and innovation approach will interest those passionate about twentieth century art and music and is ideal for any student or instructor museum docent or music programmer seeking to draw the lines of connection between these two art forms Journal of Education ,1896 *Singer and Accompanist - The Performance of Fifty Songs* Gerald Moore,2011-03-23 The only rule I observed when selecting my fifty songs was that they should be interesting either for their intrinsic worth or for the problems they pose for the singer or the accompanist or both partners The reader who is indulgent enough to imagine there is any benefit to be reaped by a study of this book should dip into it rather than attempt to read it steadily from cover to cover Let him see which of these songs he possesses and then after numbering the bars on his score to help him follow me on my wanderings through the song have his music beside him as he reads He will thus be in a much better position to laugh with me or at me to see how unerringly I hit the nail on the head or how lamentable is my aim Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork **New England Journal of Education** Thomas Williams Bicknell,Albert Edward Winship,Anson Wood Belding,1896 **Basic Piano** Irving Cheyette,J. Curtis Shake,1954 *Musical Statics* John Curwen,1897 **Dwight's Journal of Music** John Sullivan Dwight,1859 **Musical Observer** ,1924 **Dwight's Journal of Music** ,1858 The Do-it Yourself Handbook for Keyboard Playing Edward J. Shanaphy,Joseph L. Knowlton,1982 **Britten's Children** John Bridcut,2011-04-21 Britten s Children confronts the edgy subject of the composer s obsessional yet strangely innocent relationships with adolescent boys One of the hallmarks of Benjamin Britten s music is his use of boys voices and John Bridcut uses this to create a fresh prism through which to view the composer s life Interweaving discussion of the music he wrote for and about children with interviews with the boys whom Britten befriended Bridcut explores the influence of these unique friendships notably with the late David Hemmings and how they helped Britten maintain links with his own happy childhood In a remarkable part of the book Bridcut tells for the first time the full story of Britten s love affair in the 1930s with the 18 year old German Wulff Scherchen son of the conductor Hermann Scherchen As Paul Hoggart of The Times commented this type of love belonged to an emotional landscape that has vanished for ever and we are the poorer for it Since making the film the author has extended his research to include friendships Britten had with children which have not previously been documented The documentary Britten s Children won the Royal Philharmonic Society s 2005 Award for Creative Communication this serious and beautiful film explored one aspect of a composer s life in great depth Avoiding the temptation of sensationalism Britten s Children was imaginatively researched

and both touching and revelatory **Book Notes** ,1901 **The Pacific Coast Musician** ,1919 **Musical Revolutions**
Stuart Isacoff,2022-06-07 From the critically acclaimed author of *Temperament* a narrative account of the most defining moments in musical history classical and jazz all of which forever altered Western culture A fascinating journey that begins with the origins of musical notation and travels through the centuries reaching all the way to our time Semyon Bychkov chief conductor and music director of the Czech Philharmonic The invention of music notation by a skittish Italian monk in the eleventh century The introduction of multilayered hymns in the Middle Ages The birth of opera in a Venice rebelling against the church's pious restraints Baroque Romantic and atonal music bebop and cool jazz Bach and Liszt Miles Davis and John Coltrane In telling the exciting story of Western music's evolution Stuart Isacoff explains how music became entangled in politics culture and economics giving rise to new eruptions at every turn from the early church's attempts to bind its followers by teaching them to sing in unison to the global spread of American jazz through the Black platoons of the First World War The author investigates questions like When does noise become music How do musical tones reflect the natural laws of the universe Why did discord become the primary sound of modernity *Musical Revolutions* is a book replete with the stories of our most renowned musical artists including notable achievements of people of color and women whose paths to success were the most difficult **Canadian Dimension** ,1978 **Treatise on Human Physiology** Henry Cadwalader Chapman,1899
