Benefit from the experience and effort of security professionals and save time by adopting their proven solutions to your unique challenges. **Security Risk Assessment** John M. White, 2014-07-22. Security Risk Assessment is the most up to date and comprehensive resource available on how to conduct a thorough security assessment for any organization. A good security assessment is a fact finding process that determines an organization's state of security protection. It exposes vulnerabilities determines the potential for losses and devises a plan to address these security concerns. While most security professionals have heard of a security assessment many do not know how to conduct one how it's used or how to evaluate what they have found. Security Risk Assessment offers security professionals step by step guidance for conducting a complete risk assessment. It provides a template draw from giving security professionals the tools needed to conduct an assessment using the most current approaches theories and best practices. Discusses practical and proven techniques for effectively conducting security assessments. Includes interview guides checklists and sample reports. Accessibly written for security professionals with different levels of experience conducting security assessments. *Report of the Federal Security Agency: Public Health Service* United States.
