lifestyle Monthly Catalogue, United States Public Documents ,1985-07 **Radio Psychics** John Benedict
Buescher,2021-09-02 When radio broadcasting began in the early 1920s the radio was a magic box aglow with the future
drawing humanity into a new age Some thought it would dissolve the distance between time and place others that human
minds would become transparent one tuned to another Performers claiming psychic powers turned radio broadcasting into a
fabulous money machine These mentalists born from vaudeville circuses sideshows and the Spiritualist and New Thought
movements of the mid late 19th century used the language of wireless technology to explain their ability to see the past
present and future Casting their mystical knowledge as a scientifically honed craft these mentalists persuaded millions to pay
for dubious advice until governmental and public pressures forced them off the air This book is a history of over 25
performers who practiced their art behind studio microphones during the early years of radio broadcasting from about 1920
to 1940 Here laid out for the first time is the tale of how they made cash rain from the heavens and harnessed the sensation
of the radio in search of wealth health love and success **The End of the Innocence** Lawrence R. Samuel,2010-08-13
From April 1964 to October 1965 some 52 million people from around the world flocked to the New York World s Fair an
experience that lives on in the memory of many individuals and in America s collective consciousness Taking a perceptive
look back at the last of the great world s fairs Samuel offers a vivid portrait of this seminal event and of the cultural climate
that surrounded it He also counters critics assessments of the fair as the ugly duckling of global expositions Opening five
months after President Kennedy s assassination the fair allowed millions to celebrate international fellowship while the
conflict in Vietnam came to a boil This event was perhaps the last time so many from so far could gather to praise harmony

while ignoring cruel realities on such a gargantuan scale This world's fair glorified the postwar American dream of limitless optimism even as a counterculture of sex drugs and rock n roll came into being It could rightly be called the last gasp of that dream The End of the Innocence Samuel's work charts the fair from inception in 1959 to demolition in 1966 and provides a broad overview of the social and cultural dynamics that led to the birth of the event It also traces thematic aspects of the fair with its focus on science technology and the world of the future Accessible entertaining and informative the book is richly illustrated with contemporary photographs Popular Mechanics ,2000-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it's practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Monthly Catalog of United States Government Publications** ,1999

Right here, we have countless ebook **New Jersey Driver Manual Chinese** and collections to check out. We additionally give variant types and moreover type of the books to browse.
