

UK Observatory astronomers expect the moon to appear 7% larger than a regular full moon.

People may not notice changes in size, but see that it is brighter. It is best to wait until dark and find an unobstructed view of a cloudless sky that will allow you to see a brighter than usual full moon, advises astronomer Tanya de Salas Marquet.

A man lost his way in the mountains he went from France to Spain "to buy cheap cigarettes", but he got lost in the Pyrenees. He was fined 135 euros for violating the quarantine. It is reported by the BBC.

Rescuers said that this man initially went to Spain by car, but they did not let him in, and therefore he decided to try to make a trip on foot along the hiking trail through the mountains. He fell into the stream, and then completely lost his way. He was rescued from the mountains by helicopter. Rescuers reported that the man was found "emaciated, trembling, and cold."
