How to Write Articles for Newspapers and Magazines Dawn B. Sova, 1998 A professional journalist shows students how to write hard hitting news stories and attention getting feature articles for newspapers and magazines

How to Write Special Feature Articles Willard Grosvenor Bleyer, 2015-11-09 A Master Class In Journalism From 1920 This book is the result of twelve years experience in teaching university students to write special feature articles for newspapers and popular magazines By applying the methods outlined in the following pages young men and women have been able to prepare articles that have

been accepted by many newspaper and magazine editors The success that these students have achieved leads the author to believe that others who desire to write special articles may be aided by the suggestions given in this book Although innumerable books on short story writing have been published no attempt has hitherto been made to discuss in detail the writing of special feature articles In the absence of any generally accepted method of approach to the subject it has been necessary to work out a systematic classification of the various types of articles and of the different kinds of titles beginnings and similar details as well as to supply names by which to identify them Particular emphasis is placed on methods of popularizing such knowledge as is not available to the general reader This has been done in the belief that it is important for the average person to know of the progress that is being made in every field of human endeavor in order that he may if possible apply the results to his own affairs The problem therefore is to show aspiring writers how to present discoveries inventions new methods and every significant advance in knowledge in an accurate and attractive form The Author
