Conservation de la Forêt Dense en Afrique Centrale Et de L'Ouest Kevin M. Cleaver, 1992 This volume brings together selected papers presented and discussed at the Conference on Conservation of West and Central African Rainforests held in Abidjan November 5-9 1990 The Juridical Review , 1901 Covers general areas of Scottish law including criminal commercial contract delict environmental family administrative and socio legal issues Also includes some articles on comparative law plus book reviews and case notes **The Politics of Apoliticism** James Herbst, 2019-02-19 In 1942 the dictatorial regime of occupied France held a show trial that didn't work In a society from which democratic checks and balances had been eliminated under a regime that made its own laws to try its opponents the government's signature legal initiative a court packed with sympathetic magistrates and soldiers whose investigation of the defunct republic's leaders was supposed to demonstrate the superiority of the new regime somehow not only failed to result in a conviction but in spite of the fact that only government selected journalists were allowed to attend turned into a podium for the regime's most bitter opponents The public relations disaster was so great that the government was ultimately forced to cancel the trial This catastrophic would be show trial was not forced upon the regime by Germans unfamiliar with the state of domestic opinion rather it was a home grown initiative whose results disgusted not only the French but also the occupiers This book offers a new explanation for the failure of the Riom Trial that it was the result of ideas about the law that were deeply imbedded in the culture of the regime's supporters They genuinely believed that their opponents had been playing politics with the nation's interests whereas their own concerns were apolitical The ultimate lesson of the Riom Trial is that the abnegation of politics can produce results almost as bad as a deliberate commitment to stamping out the beliefs of others Today politicians on both sides of the political spectrum denounce excessive polarization as the cause of political gridlock but this may simply be what real democracy looks like when it seeks to express the wishes of a divided people Cases Decided in the Court of Session, Teind Court, Court of Exchequer and House of Lords Scotland. Court of Session, 1884 **Rideri Dictionarium severiore trutina castigatum. In quo (praeter ea quae olim elaboravit F. de Sacra Quercu) etyma innumera supplentur ... operis ...** N. Gray. Lat.&Eng John RIDER (Bishop of Killaloe.), 1626 **The Scottish Law Reporter** , 1872 **The Embryological Treatises of Hieronymus Fabricius of Aquapendente** Fabricius (ab Aquapendente), 1942 Fabricius wrote at great length on embryology inventing many theories some of which were false His illustrations marked a great advance on previous work Fabricius recorded for the first time the dissection of several embryos Morton's medical bibliography 5th ed 1991 p 88 *Feast and Folly* Allen S. Weiss, 2012-02-01 What would it mean to speak of cuisine as a fine art Combining an analysis of French cuisine with cutting edge postmodernist critique *Feast and Folly* provides a fascinating history of French gastronomy and cuisine over the past two centuries as well as considerable detail regarding the preparation of some of the colossal meals described in the book It offers a deep analysis of the social political and aesthetic aspects of cuisine and taste

exploring the conceptual preconditions the discursive limits and the poetics and rhetorical forms of the modern culinary imagination Allen S Weiss analyzes the structural preconditions of considering cuisine as a fine art connects the diverse discursive conditions that give meaning to the notion of cuisine as artwork and investigates the most extreme psychological and metaphysical condition of the aesthetic domain the sublime in relation to gastronomy **Catalogue des bibliothèques de feu MM. E. J. Kiehl... C. Brunings... A.A. Van Vloten... ,1874** *Fortress of the Soul* Neil Kamil,2020-03-03 French Huguenots made enormous contributions to the life and culture of colonial New York during the seventeenth and eighteenth centuries Huguenot craftsmen were the city s most successful artisans turning out unrivaled works of furniture which were distinguished by unique designs and arcane details More than just decorative flourishes however the visual language employed by Huguenot artisans reflected a distinct belief system shaped during the religious wars of sixteenth century France In *Fortress of the Soul* historian Neil Kamil traces the Huguenots journey to New York from the Aunis Saintonge region of southwestern France There in the sixteenth century artisans had created a subterranean culture of clandestine workshops and meeting places inspired by the teachings of Bernard Palissy a potter alchemist and philosopher who rejected the communal militaristic ideology of the Huguenot majority which was centered in the walled city of La Rochelle Palissy and his followers instead embraced a more fluid portable and discrete religious identity that encouraged members to practice their beliefs in secret while living safely even prospering as artisans in hostile communities And when these artisans first fled France for England and Holland then left Europe for America they carried with them both their skills and their doctrine of artisanal security Drawing on significant archival research and fresh interpretations of Huguenot material culture Kamil offers an exhaustive and sophisticated study of the complex worldview of the Huguenot community From the function of sacred violence and alchemy in the visual language of Huguenot artisans to the impact among Protestants everywhere of the destruction of La Rochelle in 1628 to the ways in which New York s Huguenots interacted with each other and with other communities of religious dissenters and refugees *Fortress of the Soul* brilliantly places American colonial history and material life firmly within the larger context of the early modern Atlantic world
