Narrative

On Thursday July 16, 2009, Henry Gates, Jr. (redacted), of (redacted) Ware Street, Cambridge, MA) was placed under arrest at (redacted) Ware Street, after being observed exhibiting loud and tumultuous behavior, in a public place, directed at a uniformed police officer who was present investigating a report of a crime in progress. These actions on the behalf of Gates served no legitimate purpose and caused citizens passing by this location to stop and take notice while appearing surprised and alarmed.

On the above time and date, I was on uniformed duty in an unmarked police cruiser assigned to the Administration Section, working from 7:00 AM-3:30 PM. At approximately 12:44 PM, I was operating my cruiser on Harvard Street near Ware Street. At that time, I overheard an ECC broadcast for a possible break in progress at (redacted) Ware Street. Due to my proximity, I responded.

When I arrived at (redacted) Ware Street I radioed ECC and asked that they have the caller meet me at the front door to this residence. I was told that the caller was already outside. As I was getting this information, I climbed the porch stairs toward the front door. As I reached the door, a female voice called out to me. I turned and looked in the direction of the voice and observed a white female, later identified as Lucia Whalen. Whalen, who was standing on the sidewalk in front of the residence, held a wireless telephone in her hand and told me that it was she who called. She went on to tell me that she observed what appeared to be two black males with backpacks on the porch of (redacted) Ware Street. She told me that her suspicions were aroused when she observed one of the men wedging his shoulder into the door as if he was trying to force entry. Since I was the only police officer on location and had my back to the front door as I spoke with her, I asked that she wait for other responding officers while I investigated further.

Police Report For Henry Louis Gates:

Nation of Cowards David H. Ikard, Martell Lee Teasley, 2021-12-22 An argument for intense and organized activism from the African American community to generate discussion on race in the United States In a speech from which *Nation of Cowards* derives its title Attorney General Eric Holder argued forcefully that Americans today need to talk more not less about racism This appeal for candid talk about race exposes the paradox of Barack Obama's historic rise to the US presidency and the ever increasing social and economic instability of African American communities David H Ikard and Martell Lee Teasley maintain that such a conversation can take place only with passionate and organized pressure from Black Americans and that neither Obama nor any political figure is likely to be in the forefront of addressing issues of racial inequality and injustice The authors caution Blacks not to slip into an accommodating and self defeating post racial political posture settling for the symbolic capital of a Black president instead of demanding structural change They urge the Black community to challenge the social terms on which it copes with oppression including acts of self imposed victimization A clarion call to our nation's conscience Free from overly academic jargon but full of powerful wordplay and brilliant juxtapositions this book is a fascinating tour de force from start to finish Those seeking a clear and concise explanation of the state of African America and the ongoing need for a black agenda during and even after the administration of the first African American president need look no further Reiland Rabaka author of *The Hip Hop Movement* and Du Bois A Critical Introduction *Nation of Cowards* offers an analysis of the Obama administration as thorough as it is compact Here are the hard questions that must be asked of the first black presidency and an insightful draft of how history may regard it Ikard and Teasley are well ahead of that curve Jelani Cobb author of *The Substance of Hope* Barack Obama the Paradox of Progress

Renowned for his insightful common-sense critiques of racial politics, Randall Kennedy now tackles such hot-button issues as the nature of racial opposition to Obama, whether Obama has a singular responsibility to African Americans, the differences in Obama's presentation of himself to blacks and to whites, the challenges posed by the dream of a post-racial society, the increasing irrelevance of a certain kind of racial politics and its consequences, the complex symbolism of Obama's achievement and his own obfuscations and evasions regarding racial justice. Eschewing the critical excesses of both the left and the right, Kennedy offers an incisive view of Obama's triumphs and travails, his strengths and weaknesses as they pertain to the troubled history of race in America.
