NAME: Male Student  
SCHOOL:

EVALUATOR:

CA:  
DOB:  
TEST DATE:  
REPORT DATE:

### **REASON FOR REFERRAL:**

Student was referred for a speech-language evaluation of his language communication skills. Student is currently in speech and language therapy in School for language therapy. The present assessment is part of an evaluation to determine if language services are required. This evaluation will report Student's levels to determine if he is eligible for speech and language services.

### **BEHAVIORAL OBSERVATIONS:**

Student listened carefully to instructions and asked for repetitions at times. Student presents with a very quiet demeanor. He attended to task during testing with encouragement and minimal cues to continue. The evaluation took place in his home. This was a quiet and calm environment for testing. His mother was present in the home during the evaluation. Results are deemed valid.

### **INFORMAL LANGUAGE SAMPLE:**

A language sample was obtained during informal conversation. Student demonstrated little difficulty with expressing himself in a conversation with the examiner. He stated he enjoyed Geometry but did not enjoy history as much. He engaged with appropriate turn taking and topic management.

### **ASSESSMENT RESULTS:**

The following measures were given to evaluate Student's present communication abilities:

Clinical Evaluation of Language Fundamentals – Fourth Ed. (CELF-4)

Expressive One-Word Picture Vocabulary Test (EOWPVT)

Informal Language Sample

Informal Writing Sample

Peabody Picture Vocabulary Test – Fourth Ed. (PPVT-4A)

### **Articulation:**

Informal testing revealed articulation skills to be within functional limits and adequate for 100% intelligibility for an unfamiliar listener.

### **Voice:**

The vocal parameters of pitch, quality, resonance, and loudness appeared within functional limits during the evaluation. He demonstrated a low volume at times when unsure of himself.

### **Fluency:**

Fluency was adequate and within functional limits during structured and spontaneous communication.

### **Oral Peripheral:**

A cursory oral peripheral examination was performed to assess range, strength, and coordination of oral musculature. Articulators were found to be within functional limits for speech production.

Hudson, Mark DeRuiter, 2023-10-06 This sixth edition of *Professional Issues in Speech Language Pathology and Audiology* is intended to be a primary text for students in speech language pathology and audiology as well as a resource for practitioners providing a comprehensive introduction to contemporary issues that affect these professions and service delivery across settings. It aims to provide a better understanding that day to day clinical work as well as personal professional growth and development are influenced by political, social, educational, health care, and economic concerns. By instilling a big picture view of the profession, future clinicians will be more prepared to make informed decisions as they provide services, engage in advocacy efforts, and plan their careers as audiologists or speech language pathologists. The book is divided into four major sections: Overview of the Professions, Employment Issues, Setting Specific Issues, and Working Productively. The information presented in each section provides the reader with a better understanding and a new perspective on how professional issues have been affected by both internal and external influences in recent years, including technological advances, demographic shifts, globalization, and economic factors. Chapter authors are recognized subject matter experts providing a blend of both foundational and cutting edge information in areas such as evidence based practice, ethics, job searching, and employment issues, interprofessional practice, service delivery in health care and education, technology, cultural competence, supervision, and leadership. Students reading this book will appreciate how the professions have evolved over time while acquiring a sense of where they are right now as they prepare to enter the professional world. Each of the topics covered in the book will continue to play important roles in the future of speech language pathology and audiology, providing early career professionals with the requisite knowledge to achieve success in any setting. New to the Sixth Edition: New information on issues related to the COVID 19 pandemic; Coverage of recent changes in technology; Updates to ASHA certification requirements, the Assistants certification program, and the 2023 ASHA Code of Ethics; New contributors: Nicole E Corbin, Sandra Liang, Gillam, Erin E G Lundblom, Christine T Matthews, Shari Robertson, Rachel A Ritter, and Jennifer P Taylor; Updated list of acronyms used in the book; Key Features: Chapters authored by recognized experts in communication sciences and disorders; Each chapter begins with an introduction and ends with a summary of key areas; Critical Thinking questions for each chapter; accessible online; Case studies related to child and elder abuse; Case studies related to advocacy. Please note that ancillary content such as documents, audio, and video etc may not be included as published in the original print version of this book.      *Clinical Methods and Practicum in Speech-Language Pathology, Seventh Edition* M.N.
