**Dynamic Police Training** Ann R. Bumbak, 2017-08-21 As police work has become increasingly professionalized classrooms have become a preferred environment for training. However, the best preparation for police work has traditionally been conducted on the job. Dynamic Police Training partners the experienced law enforcement officer's street smart perspective of what makes training work with a professional. *Communication and Law Enforcement* Dennis F. Gundersen, Robert Hopper, 1988 This is a book about communication, the process of relating to other human beings in the context of law enforcement professions. Nearly all law enforcement professionals have in common the need to achieve success in interpersonal communication. No matter how skillful and intelligent they may become, their effectiveness is severely limited if they have not developed good communication skills. Effective communication will not solve all problems, but few problems can be handled effectively without adequate communication. Preface

Parker, 2007-01-23 Make it a community effort in your classroom to discover primary sources related to various jobs within the community as well as activities to help teach important fluency strategies. While learning about people and their occupations, students make content area connections, develop fluent and meaningful oral reading, and develop vocabulary and word decoding skills. Included with each text is a history connection, a vocabulary connection, and extension ideas. A Teacher Resource CD is included, containing the primary source photographs shown throughout the book. This resource is aligned to the interdisciplinary themes from the Partnership for 21st Century Skills. 176pp
