The Quest for Professionalism Georges Romme, 2016 Early pioneers in management thinking such as Henri Fayol and Peter Drucker conceived of management as a science based professional activity that serves the greater good Today however many organizations are managed by people demonstrating anything but professionalism resulting in mismanagement of risks as well as a one dimensional focus on short term results The key thesis in this book is that The Quest for Professionalism must be revitalized because the societal costs and damage caused by managerial amateurism are huge The book is about how to address this grand challenge for example by exploring whether and how a shared professional purpose and a professional body of knowledge can be developed While most work in this area has previously focused on management education The Quest for Professionalism adopts an inside out approach implying management scholarship is the driving force behind any intrinsic transformation of the profession at large Without management scholars playing an active role in advancing science based professionalism in the mould of engineering and medicine any attempt to professionalize management practice is doomed to fail Moreover Georges Romme demonstrates the professionalization quest has to move away from the idea of management being confined to a few people at the top toward management as a technology for distributing power and leadership throughout the organization

Once Upon a Time in

Facilities Management Patricia McCarroll, John Hassard, 2024-09-23 What would the world of work look like if interpreted through the lens of the fairytale To answer this question Once Upon a Time in Facilities Management explores storied spaces and metaphorical archetypes in the study of business management and organization At its core the authors offer a diagnostic approach for the study of work organization that links management theory storytelling and the business imaginary An important empirical focus is also included that explores a business service rarely studied in the management literature Facilities Management FM a secondary service of non core and increasingly outsourced organizational functions An in depth appreciation of FM is provided that assesses the people practices and processes of the service in a study that also highlights the characteristic liminality of the sector s professional activities Emphasis is placed on illuminating the storytelling nature of the service using primarily the genre of fairytales to identify representational archetypes including queen shadow sage trickster adventurer and eternal child within FM s storied space In the process three central characters essentially modes of FM delivery are identified the professional consultant the external service provider and the in house function with these forming the structural basis of fairytales explaining the culture and symbolism of FM as a business service The authors conclude by extrapolating findings from the study to inform a discussion of the contributions of folkloric analysis to organization theory explicitly and our understanding of business and management practice more widely *The Routledge Companion to Cross-Cultural Management* Nigel Holden, Snezhina Michailova, Susanne Tietze, 2015-04-24 This Routledge Companion provides a timely and authoritative overview of cross cultural management as an academic domain and field of practice for academics and students With contributions from over 60 authors from 20 countries the book is organised in to five thematic areas Review survey and critique Language and languages moving from the periphery to the core Cross cultural management research and education The new international business landscape Rethinking a multidisciplinary paradigm Edited by an international team of scholars and featuring contributions from a range of leading cross cultural management experts this prestigious volume represents the most comprehensive guide to the development and scope of cross cultural management as an academic discipline **Comparative Causal Mapping** Mauri Laukkanen, Mingde Wang, 2016-03-03 Comparative Causal Mapping The CMAP3 Method by Mauri Laukkanen and Mingde Wang is an introduction to the conceptual backgrounds of causal cognitive mapping and to the typical methods in comparative and composite causal mapping based on either interview or questionnaire primary data or on secondary documentary data The discussed CCM research is supported by CMAP3 a freely downloadable www.uef.fi/cmap3 Windows software platform for CCM studies The book has three parts The first discusses the theoretical underpinnings and methodological issues in causal mapping including the target phenomena and different interpretations of causal maps mapping the motives for using CCM methods and the criteria of method selection The second part focuses on the technical aspects of using CMAP3 in typical CCM research The third part presents three CCM study cases a classical document based study a semi structured interview

based SIM study and a methodological study comparing SIM with an electronically administered structured hybrid CCM approach In addition to demonstrating CCM practices they suggest that different methods produce divergent results and are thus not substitutable The research task should determine which CCM approach is appropriate The book will appeal to both academic and professional audiences in particular to doctoral students and experienced researchers looking for new topics and method approaches but also to practitioners in fields such as management and organization studies organizational development public policy and education and knowledge management
