

COMPANY CREDIT POLICY

PURPOSE

To define the requirements for establishing and maintaining credit lines and payment terms for Progressive Materials customers. This policy also provides alternative payment requirements for accommodating sales to customers who do not qualify for credit with Progressive Materials.

SCOPE

This Policy applies to all sales of Progressive Materials products to customers. All departments within Progressive Materials responsible for the sale, marketing, contract approval, order acceptance; scheduling and shipment of products must adhere to the policy and guidelines below.

POLICY

In order to facilitate the flow of orders and shipment of products, it is Progressive Materials Policy that credit will be extended to all customers who demonstrate both the ability to pay and history of timely payments of debts. Credit limits will be determined by comparing the following averages: customer's working capital, average credit limits granted by trade references and customer credit line needs. The credit department will evaluate all new customers to determine what payment terms and methods will be required and what level of credit will be established.

The credit department will also periodically review and re-evaluate payment terms and credit lines of existing customers to support new customer requirements and to manage risk as financial and business conditions change. In its day-to-day operations, the credit department will consistently adhere to all company policies regarding fair and equitable treatment in customer communications and relations.

RESPONSIBILITY

The credit manager is responsible for managing the credit review and approval process and accounts receivable balance to minimize collection exposure in accordance with the overall corporate operational and financial objectives.

It is the responsibility of the credit department to authorize all communications with the customers regarding credit acceptance status, credit line value, and payment terms and methods.

The credit department will authorize all communications with the customers and determine which financial information is required, and what dollar credit limit will be approved.

Accounting Control Best Practices Steven M. Bragg, 2006-07-06 The only practices worth following are the best practices Accounting Control Best Practices is succinctly described in one word thorough Organizations from manufacturing to hospitals can use this easily understood by everyone from the data entry clerk in accounting to the CFO Melody Troesser Accountant Cole County Residential Services Inc There is no authority on accounting or accounting control best practices like Steven Bragg This guy does the hard stuff he sees the big picture perfectly yet can also get down in the trenches and dig into difficult and complex areas His writing is clear and his explanations are simple and sensible Jack W Boyer CPA MCP Boyer Associates Accountants analysts and system designers will find this an excellent tool Real examples define and demonstrate effective control points

while keeping practicality and efficiency in mind A great addition to my library Clint Davies Principal Berry Dunn McNeil Parker A cornucopia of control ideas organized by process and explained in simple terms to ensure quick implementation Richard B Lanza CPA CITP CFE PMP President Cash Recovery Partners LLC Destined to become an essential desktop tool in helping professionals tailor a controls system to the needs of their company Accounting Control Best Practices introduces all of the major accounting and operational processes with hundreds of controls presented in basic intermediate and advanced layers from a basic paper based system to computerized systems to the advanced best practice enhancements in computerized systems *Handbook of Credit Scoring* Elizabeth Mays,1995-03 Credit scoring is a vital and sometimes misunderstood tool in financial services Evaluates the different systems available Bankers and lenders depend on credit scoring to determine the best credit risks and ensure maximum profit and security from their loan portfolios Handbook of Credit Scoring offers the insights of a select group of experts on credit scoring systems Topics include Scoring Applications Generic and Customized Scoring Models Using consumer credit information Scorecard modelling with continuous vs Classed variables Basic scorecard Development and Validation Going beyond Credit Score Data mining Scorecard collection strategies project management for Credit Scoring *Transforming Microfinance Institutions* Joanna Ledgerwood,Victoria White,2006-08-30 In response to a clear need by low income people to gain access to the full range of financial services including savings a growing number of microfinance NGOs are seeking guidelines to transform from credit focused microfinance organizations to regulated deposit taking financial intermediaries In response to this trend this book presents a practical how to manual for MFIs to develop the capacity to become licensed and regulated to mobilize deposits from the public Transforming Microfinance Institutions provides guidelines for regulators to license and regulate microfinance providers and for transforming MFIs to meet the demands of two major new stakeholders regulators and shareholders As such it focuses on developing the capacity of NGO MFIs to mobilize and intermediate voluntary savings Drawing from worldwide experience it outlines how to manage the transformation process and address major strategic and operational issues inherent in transformation including competitive positioning business planning accessing capital and shareholders and how to transform the MFI s human resources financial management MIS internal controls and branch operations Case studies then provide examples of developing a new regulatory tier for microfinance and how a Ugandan NGO transformed to become a licensed financial intermediary This book will be invaluable to regulators and microfinance NGOs contemplating institutional transformation and will be of tremendous use to donors and technical support agencies supporting MFIs in their transformation *Elements of Structured Finance* Ann Rutledge,Sylvain Raynes,2010-06-14 For all but the most credit worthy companies it is more efficient to finance large pools of assets that have predictable behavioral characteristics through non standard arrangements These off balance sheet structures allow credit exposures to be tailored to investor risk asset class and an ever increasing diversity of idiosyncratic needs on the part of issuers and investors The discipline that addresses

these structures which is called structured finance or securitization is almost twenty years old and has become a ubiquitous element of modern financial management Yet it has not been systematically covered in a textbook designed for both the school and workplace contexts Elements of Structured Finance the text version of a program of instruction in structured finance that the authors have offered at universities private training programs and consultancies fills this void spectacularly Raynes and Rutledge two very highly regarded teachers and consultants in the field bring clarity and logic to an inherently complex and frightening area of finance using their extensive experience working with many of the top Wall Street securities houses The book will start with the relatively simple concepts of static valuation models and the benchmark pool and take the reader through the more esoteric features of dynamic risk analysis thus serving as both an excellent introduction for the beginner and an essential reference for the professional In addition to participants in structured finance programs this book will appeal to structured finance analysts and managers at banks asset management companies insurance companies and a wide variety of other corporations
