House of Commons - Scottish Affairs Committee: The Impact of the Bedroom Tax in Scotland: Interim Report - HC 288 Great Britain. Parliament. House of Commons. Scottish Affairs Committee, 2013 The Scottish Affairs Committee calls for the repeal of the Bedroom Tax While this is being considered the Committee calls on the Government to suspend application of the Bedroom Tax for all those tenants to whom a reasonable alternative offer cannot be made There are not enough smaller houses available for tenants to transfer into The lack of any alternative offers means that tenants have no choice but to go into arrears if they simply cannot afford the extra costs Other amendments proposed for the operation of the tax include exemptions for those disabled people who require a room to store or use equipment or aids non application where it would be financially perverse to do so eg where removing fixed aids and adaptations and then reinstalling them in a smaller home would be more expensive than the savings over two years all children of secondary school age should be allowed a bedroom of their own to allow quiet study all disabled children of whatever age should have a bedroom of their own The Committee also calls for changes to the system of Discretionary Housing Payments which have been designed by the Government to mitigate the worst impacts of the Bedroom Tax There should be a standard nationwide entitlement system across the UK as a whole rather than the present postcode lottery The UK and Scottish Governments

should make longer term commitments to the provision of DHP payments in order to allow local authorities to plan and structure their budgets

Educating Tomorrow's Engineers Great Britain: Parliament: House of Commons: Science and Technology Committee, 2013-02-08 In the UK we teach young people to become computer users and consumers rather than programmers and software engineers This is creating a chronic skills gap in ICT We need around 82 000 engineers and technicians just to deal with retirements up to 2016 and 830 000 SET professionals by 2020 On the plus side the Government s proposal to include computer science as a fourth science option to count towards the EBac is welcomed The Committee also welcomes the EBac s focus on attainment of mathematics and science GCSEs but is concerned that subjects such as Design and Technology D T might be marginalised A Technical Baccalaureate TechBac is

being designed but if it is to be a success schools should be incentivised to focus on the TechBac by making it equivalent to the EBac Reforms to vocational education following the Wolf Review meant that Level 2 of the Engineering Diploma a qualification highly regarded would count as equivalent to one GCSE despite requiring curriculum time and effort equivalent to several GCSEs The Engineering Diploma however is currently being redesigned as four separate qualifications The Committee also expressed concerns over the Department for Education's DfE lack of clarity on its research budget and use of evidence in decision making The DfE needs to place greater focus on gathering evidence before changes to qualifications are made and must leave sufficient time for evidence to be gathered on the effectiveness of policies before introducing further change The possibility of gathering evidence from randomised controlled trials RCTs should be seriously considered

Simultaneous Identities Uma Pradhan,2020-12-03 The recent socio political changes in Nepal have brought assimilationist notions of Nepali nationalism under a tight scrutiny and drawn attention to more plural inclusive and diverse notions of Nepalianness However both assimilationist and pluralist visions continue to remain normative in their approach and often posit ethnic and national identity in opposition to each other Drawing on the everyday practices in the two schools this book illustrates that social actors in minority language education did not necessarily select between minority identity and national identity but instead made simultaneous claims to more than one social identity by discursively positioning ethnic identity as national identity It builds on the notion of simultaneity to illustrate that it is through the unresolved co presences of apparently contradictory ways that people maintain their multi layered identities By arguing for an analytical necessity to adopt relational approach it aims to complicate the neat compartmentalisation of identities Wider Professional Practice in Education and Training Sasha Pleasance,2016-05-10 Developing an understanding of professional practice is essential for anyone training to teach in the further education and skills sector This go to guide will give you a clear understanding of the major topics covered in the mandatory Wider Professional Practice and Development unit of the Level 5 Diploma in Education and Training and more broadly explores the value of professionalism to all aspects of further education Key coverage includes Understanding learners and attitudes to learning How to do action research Professional observation and development Making sense of education policy Teacher expectations Challenges to equality and diversity The inclusive curriculum These topics are discussed within a wider political and socio economic context and are supported by insightful case studies and activities This is essential for anyone studying the Diploma in Education and Training and recommended reading for related courses in the further education and skills sector *CTET Success Master Maths & Science Paper-2 for Class 6 to 8 2020* Arihant Experts,2020-01-02 Throughout the world teaching is looked at as one of the most respected and noble profession a person could have A great teacher not only shows the right path that a student should follow but also prepares the human resources for the further development of the nation Among various exams CTET is the most popular teaching exam in the country Central Teaching Eligibility Test CTET is a national level test conducted by CBSE twice a year to recruit the eligible candidates as teacher The exam is conducted into 2 papers Paper 1 for class 1 5 and Paper 2 for class 6 8 Any candidate who is interested to become a teacher for classes 6 to 8 then they have to appear for both the papers The
