The Oregon Department of Education is proud to share the health screen report report card. As Oregon schools and districts continue to face safety challenges, education remains committed to providing the highest quality education for Oregon students. This year you will see two ratings displayed on the report card. An Oregon rating and a federal rating required by the law (34 CFR 200.60a). The report card is not meant to tell you everything about your school, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for Oregon students.
