Portrait Critique De La Russie:

Dictionnaire Critique Et Documentaire Des Peintres, Sculpteurs, Dessinateurs & Graveurs de Tous Les Temps Et de Tous Les Pays: A.C Emmanuel Bénézit, 1924 **Portrait Critique de la Russie** Dina Khapaeva, Nina Kéhayan, 2012-10-24 La quatrième de couverture indique Si Poutine n'a pas eu la surprise en se succédant lui-même après l'intermède de Medvedev le soulèvement populaire Moscou et Saint Pétersbourg était plus imprévu quelques mois après le printemps arabe Ce Portrait critique de la Russie nous permet d'aller aux sources de ces mouvements contradictoires Dina Khapaeva relate les ravages causés par l'absence d'un travail de mémoire sur la terreur stalinienne et par la contamination des rapports sociaux par le monde de la criminalité Elle a peint une société gothique parce que tout y est l'image des monstres gothiques ayant relégué l'Homme à la périphérie Elle montre comment le mal russe est loin d'avoir déposé les armes et quels symptômes peuvent être annonciateurs d'un bouleversement de la morale qui a fondé nos sociétés Et elle nous met en garde si nous n'y prenons garde nous allons assister à la déshumanisation progressive de nos sociétés démocratiques à l'instar de ce que vit la société russe d'aujourd'hui Une lecture salutaire Nightmare: From Literary Experiments to Cultural Project Dina Khapaeva, 2012-11-13 What is a nightmare as a psychological experience a literary experiment and a cultural project Why has experiencing a nightmare under the guise of reading a novel watching a film or playing a video game become a persistent requirement of contemporary mass culture By answering these questions which have not been addressed by literary criticism and cultural studies we can interpret anew the texts of classic authors Charles Maturin Nikolai Gogol Fyodor Dostoevsky Thomas Mann Howard Philips Lovecraft and Victor Pelevin carry out bold experiments on their heroes and readers as they seek to investigate the nature of nightmare in their works This book examines their prose to reveal the unstudied features of the nightmare as a mental state and traces the mosaic of coincidences leading from literary experiments to today's culture of nightmare consumption *Medievalism in Russian and Ukrainian Political Discourses* Anastasija Ropa, 2025-03-01 Medievalism has been a common and hardly innocent practice in Eastern European political discourses ever since the dissolution of the USSR in the 1990s To use but one example both Russia and Ukraine have laid claims on such prominent historical figures as Prince Vladimir Volodymyr the Great Princess Olga Boris and Gleb Hlib as well as on such semi-legendary characters as Ilya of Murom The recent military conflict has led to a renewal of interest in the history of medieval Rus and to the rewriting and falsification of this history particularly in the public sphere education and political discourse This multidisciplinary volume draws together contributions from scholars from different countries and different disciplinary backgrounds who analyze a variety of media and sources in which medievalisms can be manifested The authors examine the uses of medievalising statues fiction cartoons tourism and popular history in Ukrainian and Russian political discourses The aim of this volume is to take a balanced and wide-ranging approach to medievalism as a political weapon and a cultural mainstay and to facilitate a fruitful and respectful dialogue among scholars coming from diverse cultural and ethnic backgrounds with an interest in Slavic studies medievalism the use of

history in public discourse and the history of ex Soviet and post communist countries *The Celebration of Death in Contemporary Culture* Dina Khapaeva, 2017-03-06 The Celebration of Death in Contemporary Culture investigates the emergence and meaning of the cult of death Over the last three decades Halloween has grown to rival Christmas in its popularity Dark tourism has emerged as a rapidly expanding industry Corpse chic and skull style have entered mainstream fashion while elements of gothic horror torture porn and slasher movies have streamed into more conventional genres Monsters have become pop culture heroes vampires zombies and serial killers now appeal broadly to audiences of all ages This book breaks new ground by viewing these phenomena as aspects of a single movement and documenting its development in contemporary Western culture This book links the mounting demand for images of violent death with dramatic changes in death related social rituals It offers a conceptual framework that connects observations of fictional worlds including The Twilight Saga The Vampire Diaries and the Harry Potter series with real world sociocultural practices analyzing the aesthetic intellectual and historical underpinnings of the cult of death It also places the celebration of death in the context of a longstanding critique of humanism and investigates the role played by 20th century French theory posthumanism transhumanism and the animal rights movement in shaping the current antihumanist atmosphere This timely thought provoking book will appeal to scholars of culture film literature anthropology and American and Russian studies as well as general readers seeking to understand a defining phenomenon of our age Gothic Topographies Matti Savolainen, 2016-04-22 In demonstrating the global reach of Gothic literatures this collection takes up the influence of the Gothic mode in literatures that may be geographically remote from one another but still share related issues of minor languages nation building place and race Suggesting that there is a parallel between certain motifs and themes found in the Gothic of the North Scandinavia Northern Europe and Canada and South Australia South Africa and the US South the essays explore the transgressions and confusion of borders and limits whether they be linguistic literary generic class based gendered or sexual The volume includes essays on a wide diversity of authors and topics Jan Potocki Gustav Meyrink William Godwin Alan Hollinghurst Marlene van Niekerk John Richardson antislavery discourse and the Gothic imagination the Australian aboriginal Gothic vampires of Post Soviet Gothic society Danish Swedish and Finnish fiction and film and the Canadian female Gothic and the death drive What distinguishes this book from other collections on the Gothic is the coverage of themes and literatures that are either lacking in the mainstream research on the Gothic or are referred to only briefly in other book length studies Experts in the Gothic and those new to the field will appreciate the book's commitment to situating Gothic sensibilities in an international context Eurasia 2.0 Mark Bassin, Mikhail Suslov, 2016-03-17 This book discusses the return of geopolitical ideas and doctrines to the post Soviet space with special focus on the new phenomenon of digital geopolitics which is an overarching term for different political practices including dissemination of geopolitical ideas online using the internet by political figures and diplomats for legitimation and outreach activity and viral spread of geopolitical

memes Different chapters explore the new possibilities and threats associated with this digitalization of geopolitical knowledge and practice Our authors consider new spatial sensibilities and new identities of global as well as local Selves the emergence of which is facilitated by the internet They explore recent reconfigurations of the traditional imperial conundrum of center versus periphery Developing Manuel Castells argument that social activism in the digital era is organized around cultural values the essays discuss new geopolitical ideologies which aim to reinforce Russia's spiritual sovereignty as a unique civilization while at the same time seeking to rebrand Russia as a greater soft power by utilizing the Russian speaking diaspora or employing traditionalist rhetoric Great Power imagery enemy making and visual mappings of Russia's future territorial expansion are traditional means for the manipulation of imperial pleasures and geopolitical fears In the age of new media however this is being done with greater subtlety by mobilizing the grassroots contracting private information channels and de politicizing geopolitics Given the political events of recent years it is logical that the Ukrainian crisis should provide the thematic backdrop for most of the authors *Revue des études franco-russes* Charles de Larivière, Jacques Rouché, 1904
