Portrait In Blood:

Portrait in Blood Mary Kirchoff, 1985-10-01 **Modernism Is the Literature of Celebrity** Jonathan

Goldman, 2011-04-01 The phenomenon of celebrity burst upon the world scene about a century ago as movies and modern media brought exceptional larger than life personalities before the masses During the same era modernist authors were creating works that defined high culture in our society and set aesthetics apart from the middle and low brow culture in which celebrity supposedly resides To challenge this ingrained dichotomy between modernism and celebrity Jonathan Goldman offers a provocative new reading of early twentieth century culture and the formal experiments that constitute modernist literature s unmistakable legacy He argues that the literary innovations of the modernists are indeed best understood as a participant in the popular phenomenon of celebrity Presenting a persuasive argument as well as a chronicle of modernism s and celebrity s shared history *Modernism Is the Literature of Celebrity* begins by unraveling the uncanny syncretism between Oscar Wilde s writings and his public life Goldman explains that Wilde in shaping his instantly identifiable public image provided a model for both literary and celebrity cultures in the decades that followed In subsequent chapters Goldman traces this lineage through two luminaries of the modernist canon James Joyce and Gertrude Stein before turning to the cinema of mega star Charlie Chaplin He investigates how celebrity and modernism intertwine in the work of two less obvious modernist subjects Jean Rhys and John Dos Passos Turning previous criticism on its head Goldman demonstrates that the authorial self fashioning particular to modernism and generated by modernist technique helps create celebrity as we now know it

Notes of M. Bernard's Lectures on the Blood Claude Bernard, Walter Franklin Atlee, 1854

Hematologies Jacob Copeman, Dwaipayan Banerjee, 2019-12-15 In this ground breaking account of the political economy and cultural meaning of blood in contemporary India Jacob Copeman and Dwaipayan Banerjee examine how the giving and receiving of blood has shaped social and political life *Hematologies* traces how the substance congeals political ideologies biomedical rationalities and activist practices Using examples from anti colonial appeals to blood sacrifice as a political philosophy to contemporary portraits of political leaders drawn with blood from the use of the substance by Bhopali children as a material of activism to biomedical anxieties and aporias about the excess and lack of donation *Hematologies* broaches how political life in India has been shaped through the use of blood and through contestations about blood As such the authors offer new entryways into thinking about politics and economy through a bloodscape of difference

different sovereignties different proportionalities and different temporalities These entryways allow the authors to explore the relation between blood's utopic flows and political clottings as it moves through time and space conjuring new kinds of social collectivities while reanimating older forms and always in a reflexive relation to norms that guide its proper flow

Crown of Blood Nicola Tallis, 2016-12-06

Good people I am come hither to die and by a law I am condemned to the same These were the heartbreaking words of seventeen year old Lady Jane Grey as she stood on the scaffold awaiting death on a cold February morning in 1554 She is known to history as the Nine Days Queen but her reign lasted for thirteen days The human and emotional aspects of her story have often been ignored although she is remembered as one of the Tudor Era's most tragic victims While this is doubtless true it is only part of the complex jigsaw of Jane's story Crown of Blood is an important and significant retelling of an often misunderstood tale set at the time of Jane's downfall and following her journey through to her trial and execution each chapter moves between the past and the present using a rich abundance of primary source material some of which has never been published in order to paint a vivid picture of Jane's short and turbulent life

Gager brings to light evidence showing how married couples and single men and women from the artisan neighborhoods in early modern Paris did manage to adopt children as their legal heirs. In so doing she offers a new richly detailed portrait of family life, civil law and public assistance in Paris and reveals how citizens forged a wide variety of family forms in defiance of social, cultural and legal norms. Gager bases her work on documents ranging from previously unexplored notarized contracts of adoption to court cases, theological treatises and literary texts. She examines two main patterns of adoption: those privately arranged between households and those of destitute children from the Parisian foundling hospice and the Hôpital de Dieu. Gager argues that although customary law rejected adoption and promoted an exclusively biological model of the family, there existed an alternative domestic culture based on a variety of fictive ties. Gager connects her arguments to current debates about adoption and the nature of the family in Europe and the United States. The Song of the Blood-Red Flower Johannes Linnankoski, 2022-08-01 In *The Song of the Blood-Red Flower*, Johannes Linnankoski provides a poignant exploration of the profound connection between nature and human experience. The novel, set against the backdrop of rural Finland, weaves a rich tapestry of imagery and metaphor, reflecting the author's lyrical style that is both evocative and deeply rooted in Finnish cultural identity. Through the story of its protagonist, Linnankoski delves into themes of love, loss, and the indomitable spirit of life, effectively situating his work within the broader literary context of early 20th-century Finnish realism, augmented by strands of romanticism and modernist thought. Johannes Linnankoski, whose real name was Taito Kalevi Sali, was deeply influenced by the natural landscapes of Finland, an affinity that permeates his writing. His experiences as a schoolteacher and his profound appreciation for Finnish folklore and mythology informed his narrative style and thematic choices in this work. Linnankoski's literary journey was marked by a desire to capture the essence of Finnish identity at a time when the nation was on the cusp of independence, making *The Song of the Blood-Red Flower* an essential reflection of both personal and national awakening. This captivating novel warrants a place on the bookshelf of anyone eager to explore the depths of the human soul as reflected through the prism of nature. Readers seeking a lyrical, profound meditation on life interwoven with Finnish tradition will find in Linnankoski's work not only aesthetic beauty but also a resonant call to embrace the complexities of existence.
