The book outlines five aspects of China's international role projection which the PRC applies selectively depending on its target audience 1 The bearer of traditional Chinese culture 2 The humiliated nation 3 The socialist state with Chinese characteristics 4 The developing state and promoter of international development 5 The authoritarian globalization optimist Drawing on an in depth analysis of hundreds of primary BRI documents the book offers a comprehensive overview of China's most crucial foreign policy agenda item It demonstrates how through the BRI the PRC has introduced mechanisms to the international level which reflect its domestic policy making mode In addition the PRC has institutionalized the initiative by establishing China centered BRI networks across a wide range of policy areas Within those emerging China centered BRI networks the PRC systematically increases its international discursive power for example by inserting Chinese vocabulary into UN resolutions or by promoting Beijing's approaches vis vis the rule of law across a range of developing states This book also further discusses the implications of the BRI for the international legal order *The American Mercury* George Jean Nathan, Henry Louis Mencken, 1926

The Road to Disunion William W. Freehling, 1991-12-05 Far from a monolithic block of diehard slave states the South in the eight decades before the Civil War was in William Freehling's words a world so lushly various as to be a storyteller's dream It was a world where Deep South cotton planters clashed with South Carolina rice growers where the egalitarian spirit sweeping the North seeped down through border states already uncertain about slavery where even sections of the same state for instance coastal and mountain Virginia divided bitterly on key issues It was the world of Jefferson Davis John C Calhoun Andrew Jackson and Thomas Jefferson and also of Gullah Jack Nat Turner and Frederick Douglass Now in the first volume of his long awaited monumental study of the South's road to disunion historian William Freehling offers a sweeping political and social history of the antebellum South from 1776 to 1854 All the dramatic events leading to secession are here the Missouri Compromise the Nullification Controversy the Gag Rule the Pearl Harbor of the slavery controversy the Annexation of Texas the Compromise of 1850 and the Kansas Nebraska Act Freehling vividly recounts each crisis illuminating complex issues and sketching colorful portraits of major figures Along the way he reveals the surprising extent to which slavery influenced national politics before 1850 and he provides important reinterpretations of American republicanism Jeffersonian states rights Jacksonian democracy and the causes of the American Civil War But for all Freehling's brilliant insight into American antebellum politics Secessionists at Bay is at bottom the saga of the rich social tapestry of the pre war South He takes us to old Charleston Natchez and Nashville to the big house of a typical plantation and we feel anew the tensions between the slaveowner and his family the poor whites and the planters the established South and the newer South and especially between the slave and his master Cuffee and Massa Freehling brings the Old South back to life in all its color cruelty and diversity It is a memorable portrait certain to be a key analysis of this crucial era in American history *The Belt and Road Initiative in Asia, Africa, and Europe* David Arase, Pedro Miguel Amakasu Raposo de Medeiros Carvalho, 2022-11-11 This book examines the progress and reception of China's Belt and Road Initiative BRI in key

subregions of Asia Africa and Europe Through its exploration of the patchwork of distinctive sub regions of each continent the book analyses how well the BRI accommodates sub regional variation as it attempts to integrate Asia Africa and Europe under Chinese auspices Individual chapters focus on how developing subregions experience BRI relations with China while others focus on how liberal powers seek to compete with China s BRI agenda The contributions also gauge the impact of the COVID 19 pandemic on the BRI in regional settings and point to its future implications Offering a panoramic view of the vast mosaic of Asian African and European sub regions targeted by the BRI this book will be of interest to scholars and students of International Relations and Global Political Economy as well as Chinese politics and those with an interest in the Belt and Road Initiative more broadly The English Catalogue of Books [annual].
