Religious Fundamentalism in the Contemporary World

Santosh C. Saha,2004-01-01 Today new and ever more pernicious forms of terrorist violence threaten the world Because these new forms of violence are so often linked to religious radicalism modern terrorism has challenged the secular ethics of contemporary civil society There is a pressing need to understand modern religious movements that have added militancy and belligerence as fundamental elements of religious practice Contributors to this volume painstakingly tackle the question of how to define the contours of current religious fundamentalism as they examine the private and public postures of fundamentalist rhetoric the importance of its regional variants and the damage it can do to regional and national education systems Their analysis tracks trends in religious movements that aspire to radicalize reform and violently topple governments and nations while highlighting the difference between fundamentalist interpretations and other longstanding juridical political and intellectual traditions

G.M. Syed Muhammad Soaleh Korejo, 2000 Throughout his long and active political career G M Syed remained a firm advocate of provincial autonomy and stayed true to his beliefs at a time when many other politicians shifted their views Syed was also a writer and a mystic who inspired the youth of Sindh with his ideas This book analyses Syed s political moves against the backdrop of historical events and the changed condition of Sindh after Partition **The Pioneer Mail and Indian Weekly News**, 1923 **The Cambridge Review**, 1888 Vols 1 26 include a supplement The University pulpit vols 1 26 no 1 661 which has separate pagination but is indexed in the main vol *Lumley's bibliographical advertiser*, 1839

The author critically engages with the history of Pakistan's early years while paying special attention to the rise and fall of the Communist Party of Pakistan CPP from Partition in 1947 to the aftermath of Bangladeshi independence in 1971. Since its formation in 1947 as a homeland for South Asian Muslims, Pakistan has been a configuration of shifting alliances and competing political and social ideologies. Pakistan has experienced three military takeovers and is plagued with geopolitical conflict from Kashmir to Baluchistan, Waziristan, and while these aspects of Pakistan make headlines, in order to understand the complexities of these events, it is vital to understand the state's relationship throughout history with its divergent political and ethnic voices. One dominant feature of the state along with its emphasis on the Islamic nature of its polity has been the non-resolution of its ethnic problem, while the history of Pakistan is often viewed through the lens of unified Muslim nationalism. The author here also explores the history of Pakistan's often tense relationship with its various ethnic groups: Baluch, Pathan, Sindhis, Punjabis, and Bengalis. Shedding light on a vital and little researched aspect of Pakistani history, this book shows that military coups, Islamic radicalization, and terrorist activities do not constitute the sum total of Pakistan's history; that it too has had a history that included the activities of communist intellectuals and activists. *The Examiner*, 1844 The Publisher, 1909
