

4.5 Comment on the liquidity position of the company. Quote THREE relevant financial indicators (actual figures/ratios/percentages) and their trends.

Any THREE valid financial indicators:

Name of financial indicator	✓	✓	✓
Figure and trend	✓	✓	✓

- Current ratio: 3,6 : 1 → 1,6 : 1 / decreased to 1,6 : 1
- Acid test ratio: 3,1 : 1 → 1,2 : 1 / decreased to 1,2 : 1
- Stock turnover rate: 5,1 → 6,8 times p.a / increased to 6,8 times
- Debtors' collection period: 35 → 40 days / increased to 40 days

General comment: For 3 marks (need only mention 3 indicators):

The liquidity has generally improved. The current ratio and acid-test ratio were too high in 2013. They are now much more efficient in 2014. The stock is now being sold more quickly which will generate greater profit. However the debtors are paying slightly more slowly – this trend must be rectified next year.

One valid point per indicator **OR** 3 marks for overall comment:
Excellent answer = 3 marks; Good = 2; Poor = 1; Incorrect = 0
Increases/decreases are not a comment – these are trends
Comment would be on improvement or not / efficiency

Expected responses for 1 mark each:

- The current ratio improved / was possibly too high in 2013 / cash was too high / current assets do not earn any return / they may be more efficient in 2014.
- The acid test ratio improved / is more efficient in 2014 / cash is lower
- The stock turnover rate has improved / stock increased but is being sold more quickly / assists liquidity and is appropriate for a supermarket.
- The debtors are paying more slowly / this trend must be rectified / normal credit terms 30 days.

ROTC ☒

- This is 18,8% ☒

DEBT/EQUITY RATIO ☒

- This is 0,1 : 1 (see 4.4.2) ☒

Explanation: Depends on calculation above

- Positively geared as ROTC is higher than interest rate ☒
- Low financial risk / Not making much use of loans (it relies more on funds from internal sources) ☒

Accounting and Corporate Reporting Soner Gokten, 2017-09-20 We have spent a great deal of time on the continued development of accounting and auditing standards which are used as a primary component of corporate reporting to reach today's financial reporting framework. Therefore, this book is organized into six sections: Achieving Sustainability through Corporate Reporting, International Standardization, Financial Reporting Quality, Accounting Profession and Behavioral Aspects, Public Sector Accounting and Reporting, and Managerial Accounting.

Credit Rating Governance Ahmed Naciri, 2015-01-30 Credit rating agencies play an essential role in the modern financial system and are relied on by creditors and investors on the market. In the recent financial crisis, their power and reliability were often questioned, yet a simple rating downgrade could threaten to bankrupt a whole country. This book examines the governance of credit rating agencies as expressed by their ability to fairly, ethically and consistently assign higher rates to issuers having lesser default risks. However, factors such as the drive for increased revenue and market share, the inadequate business model, the inadequate methodology of assessing risk, opacity and inadequate internal monitoring have all been identified as critical governance failures for credit agencies. This book explores these issues and proposes some potential solutions and improvements. This will be of interest to researchers and advanced students of corporate finance, finance, financial economics, risk management, investment management and banking.

Contemporary Financial Intermediation Stuart I. Greenbaum,Anjan V. Thakor,Arnoud W. A. Boot,2019-05-14 Contemporary Financial

Intermediation 4th Edition by Greenbaum Thakor and Boot continues to offer a distinctive approach to the study of financial markets and institutions by presenting an integrated portrait that puts information and economic reasoning at the core. Instead of primarily naming and describing markets, regulations and institutions as is common, Contemporary Financial Intermediation explores the subtlety, plasticity and fragility of financial institutions and credit markets. In this new edition, every chapter has been updated and pedagogical supplements have been enhanced. For the financial sector, the best preprofessional training explains the reasons why markets, institutions and regulators evolve, they do, why we suffer recurring financial crises, occur and how we typically react to them. Our textbook demands more in terms of quantitative skills and analysis, but its ability to teach about the forces shaping the financial world is unmatched. Updates and expands a legacy title in a valuable field. Holds a prominent position in a growing portfolio of finance textbooks. Teaches tactics on how to recognize and forecast fluctuations in financial markets.

Agricultural Adaptation to Climate Change in Africa Cyndi Spindell Berck, Peter Berck, Salvatore Di Falco, 2018-03-05. A changing climate is likely to have a drastic impact on crop yields in Africa. The purpose of this book is to document the effects of climate change on agriculture in Africa and to discuss strategies for adaptation to hotter weather and less predictable rainfall. These strategies include promoting opportunities for farmers to adopt technologies that produce optimal results in terms of crop yield and income under local agro-ecological and socioeconomic conditions. The focus is on sub-Saharan Africa, an area that is already affected by changing patterns of heat and rainfall. Because of the high prevalence of subsistence farming, food insecurity and extreme poverty in this region, there is a great need for practical adaptation strategies. The book includes empirical research in Ethiopia, Kenya, South Africa, Tanzania and other Sub-Saharan countries, and the conclusion summarizes policy-relevant findings from the chapters. It is aimed at advanced students, researchers, extension and development practitioners and officials of government agencies, NGOs and funding agencies. It also will provide supplementary reading for courses in environment and development and in agricultural economics.

Parliament. House of Commons,1968 Militia Order in Afghanistan Matthew P. Dearing,2021-07-18 This book offers a new insight into when and why paramilitary groups in Afghanistan engage in protective or predatory behavior against the civilians they purportedly defend In Afghanistan s counterinsurgency environment America leaned on militias to provide order and stabilize communities cut off from weak central government institutions However the lucrative market of protection challenged militia loyalty as many engaged in banditry vendettas and predation This book examines the varying militia experiments in Afghanistan from 2001 to 2020 and their outcomes through three sub national case studies It argues that successful militia experiments in Afghanistan involved inclusion of local orders where communities had well established social structures and accountability mechanisms in place and state patrons relied upon those structures as a restraint against militia behavior Complementary management ensured patrons leaned on communities for strong accountability systems But such environments were far from the norm When patrons ignored community controls militias preyed on civilians as they monopolized the market of protection This book adds to the rich literature on the U S experience in Afghanistan but differs by focusing on the interplay between states communities and militias This book will be of much interest to students of military and strategic studies Asian politics security studies and International Relations
