*Possession* was published in 1990; it is Byatt's fifth novel, and widely considered to be her most successful. The novel is inspired by Byatt's interest in Victorian literature, and her own work as an academic researcher and lecturer. It also broadens ideas of how historical fiction can function by combining episodes from the past with episodes from the present day, and featuring characters who themselves are trying to explore and understand the past. Byatt has stated that her inspiration for this type of historical fiction includes texts like John Fowle's 1969 novel [\*The French Lieutenant's Woman\*](#).

*Possession* received very positive reviews in publications such as *The New York Times* and *The Guardian* and quickly became a bestseller. It won the 1990 Booker prize, and in 2005, it was featured on *Time*'s list of 100 Best Novels from 1923 to 2005. The novel was adapted into a feature film in 2002. The film adaptation starred Gwyneth Paltrow as Maud Bailey, Aaron Eckhart as [\*Roland Michell\*](#), and Jeremy Northam and Jennifer Ehle as [\*Randolph Henry Ash\*](#) and [\*Christabel LaMotte\*](#). The film version made a number of significant changes (for example, Roland's character is portrayed as American, not English) and was generally less well-received than the novel.

## Possession Summary

The novel opens in the autumn of 1986 in London. [\*Roland Michell\*](#) is a researcher who has recently completed his PhD studying the Victorian poet [\*Randolph Henry Ash\*](#), but now finds himself frustrated by the lack of a permanent academic job. While looking through a book owned by Ash, he finds two drafts of letters addressed to an unknown woman whom Ash seems to have been struck by and sought to continue a conversation with. Roland is intrigued and steals the letters from the library without telling anyone he has found them. Working from what he knows of Ash, Roland develops a hypothesis that the woman addressed in the letters is [\*Christabel LaMotte\*](#), a less well-known Victorian writer who has been recently rediscovered by feminist scholars. He travels to Lincoln to meet with Maud Bailey, a scholar who specializes in researching LaMotte. Maud allows him to look at some documents which offer small hints that a correspondence between Christabel and Ash may have taken place in 1858 and 1859. A relationship between the two would be a significant discovery, as Ash has always been perceived as a happily married man, and Christabel (who never married, and lived with a female companion for an extended period) has been widely considered a lesbian. Roland confides in Maud about the letters he has discovered, and she becomes equally consumed by a desire to know what
