Poverty The Inclusive Church Resource:

Poverty Susan Durber, Bob Callaghan, 2014-10-29 There is a huge need for churches to be more inclusive some might be more inclusive in some areas than others both in attitude and resources but on the whole this is a massive failing of churches Most church leaders recognise this failing but lack the resources and understanding to effect meaningful change The Inclusive Church Resources aim to educate to reflect theologically and to provide practical advice and guidance Each book contains first hand personal experiences of people from the marginalised group a theological reflection by a leading thinker and a resource section containing addresses websites and practical advice on improving your church s inclusivity The theological section on poverty is written by Susan Durber

Ecclesial Futures: Volume 2, Issue 2 Nigel Rooms, Steve Taylor, 2021-12-03 Ecclesial Futures publishes original research and theological reflection on the development and transformation of local Christian communities and the systems that support them as they join in the mission of God in the world We understand local Christian communities broadly to include traditional parish churches and independent local churches religious communities and congregations new church plants so called fresh expressions of church emergent churches and new monastic communities We are an international and ecumenical journal with an interdisciplinary understanding of our approach to theological research and reflection the core disciplines being theology missiology and ecclesiology Other social science and theological disciplines may be helpful in supporting the holistic nature of any research e g anthropology and ethnography sociology statistical research biblical studies leadership studies and adult learning The journal fills an important reflective space between the academy and on the ground practice within the field of mission studies ecclesiology and the so called missional church This opportunity for engagement has emerged in the last twenty or so years from a turn to the local and the local church and in the western world at least from the demise of Christendom and a rapidly changing world which also affects the church globally The audience for the journal is truly global wherever the local church and the systems that support them exists We expect to generate interest from readers in church judicatory bodies theological seminaries university theology departments and in local churches from all God s people and the leaders amongst them

The Love That Moves the Sun Paul Dominiak, 2024-08-30 The season of Advent traditionally involved meditation upon the Four Last Things heaven hell death and judgement This ancient but nearly lost sacred art of contemplation encouraged Christians to evaluate who they were what they treasured and how they ought to live in view of the world to come The Love That Moves the Sun revives this ancient practice and marries it with contemporary concerns Each chapter considers one of the Last Things in relation to a

modern crisis from the climate emergency rise of populism and racial injustice to the economic inequalities of class In a time of compound crises retrieving the sacred art of contemplating the Last Things gives a vision of hope and direction in a chaotic world of uncertainty The first advent began with an angelic messenger announcing the coming of Christ to Mary The Love That Moves the Sun enables us to hear a fresh annunciation in our own time calling us to join in with God's salvation of a groaning creation and the hope of a new earth where justice dwells **Young, Woke and Christian** Victoria

Turner, 2022-02-28 Young people are often referred to as the church's missing generation But perhaps it is not them that are missing from God's mission but the church itself Young Woke and Christian brings together young church leaders and theologians who argue that the church needs to become increasingly awake to injustices in British society It steers away from the capitalistic marketing ideas of how to attract young people into Christian fellowship and proclaims that the church's role in society is to serve society give voice to the marginalised and stand up to damaging dominating power structures Covering themes such as climate change racial inclusivity sexual purity homelessness food poverty sexuality trans identity feminism peace making interfaith relations and disability justice the collection is a cry for the reform of the church to not ally with woke issues because they are popular with youth but because they are gospel issues With a powerful prologue from Anthony Reddie *Disability* John M. Hull, 2014-07-11 Disability The Inclusive Church Resource is written to help your own church to be equipped to welcome all people who live with some form of physical disability It contains first hand personal experiences of people who have felt excluded from churches because of their disability a Theology of Disability by the late John M Hull and a resource section containing addresses websites and practical advice Other books in the Inclusive Church Resource series include Mental Health and forthcoming titles on Poverty Sexuality Gender and Ethnicity **Towards**

African Missiology Francis Anekwe Oborji, 2020-11-22 This volume reflects on a credible and a new language of Christian mission in Africa The author's thoughts and approaches not only provide a missiological insight which contribute to the repertoire of expanding fresh ideas in the missiological studies but also serves the purpose of highlighting the active participation of Africans in the missionary mandate of Jesus Christ In other words the scope of missiology needs a contextualized interpretation Thus he proposes a proactive language for missiology in Africa thereby underlining Africans as normal and full members of the human family In the light of the Vatican II mission theology the new language should be based on the fact that Africans will grow and do better in admiration and not in sympathy Interestingly the arguments in this volume opens the space for the on going discussions in the mission of the church in the era of secularization and post modernity Consequently a new language for missiology in Africa will come from the retrieval and modernization of our African cultural matrix pursued from the point of view of the daily struggles of the Africans themselves for survival which also addresses Africans in the spirit of cooperation **The Book of Resolutions of The United Methodist Church**

Tourism and Development Richard Sharpley,David Harrison,2019 Tourism is integral to local regional and national development policies as a major global economic sector it has the potential to underpin economic growth and wider development Yet transformations in both the nature of tourism and the dynamic environment within which it occurs give rise to new questions with regards to its developmental role This Research Agenda offers a state of the art review of the research into the tourism development nexus Exploring issues including governance policy philanthropy poverty reduction and tourism consumption it identifies significant gaps in the literature and proposes new and sometimes provocative avenues for future research

Economic Opportunity Act Amendments of 1967 United States. Congress. House. Committee on Education and Labor,1967 Reforming Memory Robert Vosloo,2017-10-02 Although we should acknowledge the fragility of memory we should nevertheless affirm the remarkable ability of memory to reform and transform our identity Our memories and ways of remembering are however often marked by trauma and violence Memory therefore not merely reforms it too is in need of reformation redemption and transformation With this emphasis in mind Reforming Memory grapples with the question what a responsible engagement with the past entails also for Christians and churches associated with the Reformed tradition The history of Reformed churches in South Africa is one can argue a deeply divided and ambivalent one The same figures are heroes to some and villains to others historic events are deeply ambiguous and conflicting views surround different discourses Yet the histories and perhaps futures of these churches and traditions are inextricably interwoven Reforming Memory fundamentally combines an interest in the notion of memory with an interest in South African Reformed theology and history Central is the question how should we remember and represent the past responsibly The essays collected in this book engage in different ways with this question attending in the process to some episodes in the history of the Dutch Reformed Church some influential Reformed theologians and some important Reformed practices and confessional documents

South African Christian Experiences Kelebogile Thomas Resane, 2020-01-01 Some of the studies in this publication excavate lost or disappearing indigenous toponyms Those researchers contribute in a very concrete way to the preservation of indigenous toponyms and thereby also the associated cultural heritage The other papers explore how place naming functions as a mechanism with which to create mental maps and exert socio political power *Reimagining Church Outreach* Dr. Sherita K. Parks, 2022-02-16 Are you a frustrated church or nonprofit leader with years of experience and yet fail to see real change in the lives of those you serve Do you find yourself discontent with the status quo of how things are done but cannot seem to figure out what changes will really make the difference Are your staff partners and volunteers feeling burnt out and disinterested in the work they once loved Have your donors lost interest in your vision and failed to see any return on their investment If you answered yes to any of these questions this book is for you You will learn why your efforts have only afforded you the thrill of seeing immediate short term gains You will learn why many of your efforts fail and how to successfully reset yourself and your leaders to reimagine the way you have always done things You will understand why your mental models serve as catalytic precursors for transformative social change to occur Sherita has a Kairos word for the Body of Christ concerning the failures of outreach and a collaborative and Servant Leadership approach to a solution Her well researched biblically based manuscript demonstrates that challenges and failures are systemic and thus the strategy for a transformative solution must collaboratively address the systems Sherita addresses the biblical social role of the Church church leadership and Body of Christ and demonstrates how Servant Leadership is necessary for bringing about community and social transformation Long gone are the days where we could depend on the government to solve all of society's ills Instead we as Christians must recognize our responsibility to identify and participate in solving the many complex problems of our world She even presents a case study demonstrating how lives transformed through discipleship can naturally flow into transforming an entire community This furthers the credibility of the ideas and solutions presented in the manuscript The manuscript is framed from a belief of the author I believe God is calling His bride to join Him in higher endeavors that not only fill the belly but transform lives by guiding them out of bondage into the freedom of life in Christ Jesus Dr Diane Wiater Regent University *Hearings* United States. Congress. House. Committee on Education, British Foreign Policy and the Anglican Church Adrian Hyde-Price, Timothy Blewett, Dr Wyn Rees, 2013-05-28 Whilst the views of leaders within the Church of England are frequently canvassed during periods of national crisis little attention has been devoted to finding out whether there are Church perspectives on contemporary foreign policy issues The Church of England has not been regarded as an actor with a strong input into international affairs preferring to speak out on domestic and individual issues Yet world politics present fundamental ethical dilemmas which call for careful deliberation and the Church has a role to play both in shaping the debate and arguing for particular policy directions To what extent is national policy shaped by underlying Christian values Do the campaigning efforts of faith groups really exert influence and guide the development of state policy

This book seeks to elucidate whether there are particular Christian perspectives on the role that Great Britain should play in the world today. It investigates the role that the Church of England has played in contemporary foreign policy issues including the use of force, intervention, counter terrorism and arms sales and overseas trade aid and debt forgiveness. The book brings together senior individuals from within the Church, academia and non governmental organisations to investigate these various ethical dilemmas.
