Welfare is about the many points of contact between voluntary welfare and government social services and the complex pattern woven by these different threads The country s welfare history is shaped by its colonial past with the predominantly British influences transmitted by an immigrant society in the nineteenth century by its Maori population with a strong communal ethos by the shaping forces of the welfare state by two world wars and economic depression and by both free market policies and rapid social change in recent years In tracing the interdependence of state and voluntary provision of welfare from 1840 to 2005 Margaret Tennant offers new perspectives on New Zealand social history This is a rigorous analysis but it is also a history illuminated by people The text is illustrated with stories about the people who were moved to save to reform to care to support and the people who needed that essential sustenance From the nun who sees a distraught woman about to throw her child into the sea and sets out to care for foundlings to city missionaries community minded public servants businessmen philanthropists and the entrepreneurial organisers of floral fetes and telethons these accounts tell us much about the history of welfare in all its interconnections
